HART-PARR TRACTORS

HART-PARR TRACTORS CO. BY THE MAIN ROAD

At the cost of producing, we have in Western Canada, a full tractor of 121 and 125 tractors, built in the U.S.A. by the C.N.A. of the first factory.

The first tractor was for the Edmonton district and we have shipped this tractor for the Calgary district.

We have received a number of these tractors which are on display and invite your inspection. Hart-Parr tractors are on the spreading out, tremendous power and long life. See them.

lost by Stettler in the first round of the Alberta provincial intermediate play down over the week-end when they grabbed a 4 to 1 decision on their own ice on Saturday night and tied in the return game here Sunday 3 all.

night was one of the fastest seen in that town this winter for the first period and half way through the second, according to reports the locals fading after that and Sieltier run in three goals to clinch the game. The third period was pretty even both teams getting one goal each.

In the return game to be played on Sunday the locals looked for a big time as if they were out to wipe out the three goal deficit as they started with a bang and before the game was five minutes old George Naulund worked his way down right wing and burned one across the net. Stetler's goalie was being just a bit too late to stop it and the score read 1-0. Five minutes further play and Stetler evened the count on a slick bit of work by Duckworth and Wilson the former scoring. The period ending one all.

It was in the second period the locals had the bulk of the

Arnold's play and missed two golden opportunities to register. Arnold

...and who by the way turned in
by long odds the best game of
the season. The contest was
on his own rebound and but for
the pebbly nature of ice would
have been a sure marker, the point
tapping over his stick. This
same player notched Bashaw's
second counter when he circled
the net and slid the disc home
with a flourish. The contest
before the final bell which left
the game standing 2-2.

The third period was much
like the second, Bashaw forced
the play through most of the
time but poor passing coupled
with lack of a systematic attack
helped the "Hawks" goal-tender
out. After a half hour of
play, the many shots he handled
from well out and these were
quite easy to knock aside. Both
teams registered again, Bashaw
getting the first through Arnold
and Fred and Doc Wright getting
the Sutherland marker on loss and
a rebound.

Ed. Sprague handled a very
difficult game in fine style.

For the locals Charleworth, (nephew) and A. Road turned in

Taking everything into consideration the locals did well in the play off, possibly not as well as expected by their admirers.

The team is young there are three years and the thing to do is commence now and build up for next year, with the past experience and new talent coming along the kids will be in better shape to go further another season. More systems in both attack and defense will go for the

Simple Precautions Against FLU

**Sore Throat —
— The DANGER Signal**

Health Authorities Point The Necessity Of Treating The Simple Cold
At Its Beginning

Nearly every case of "flu" starts with a simple cold. At first the cold is not such a little bother, since the infection goes from the throat to the chest & affects the lungs. Then the throat throbs & later gives out with "hoarseness," so it will keep the throat free from harm. If there is any sign of lightness in the throat, the throat-ache will not persist, despite complications will be relieved & the cold will break up soon. Many a dangerous case of "flu" can be avoided by this simple rule.

Of course it is always wise to take various relaxing measures, and for this purpose immediate results will be secured from Dr. Haeusslein's Flu-Heiler, the system of treatment and carry of a lot of danger from the cold.

The combination treatment of Haeusslein and Dr. Haeusslein's Flu-Heiler is very effective for Flu, Influenza, Bad Colds, etc. and so not be relied upon.

The Improved Glass Substitute

COMES WITH A MESSAGE OF HEALTH

THE man is the all-powerful life producer. He produces the food that feeds the world, even destruction, as well as untold wealth. **WATERLOOLITE** is the man's most important duty.

Sedentary professions had definitely proved that from the point of view of health, the **WATERLOOLITE** man is the most active among the man's age. As the **WATERLOOLITE** man is the greatest power for the prevention and cure of disease and death.

Science has further established that sedentary window glass does not allow the principles of **WATERLOOLITE** rays, but that by using glass one can completely exclude sedentary living rays. Therefore, the invention of **WATERLOOLITE** has completely solved the long-held dream. Exhaustive experiments have proved beyond question that **WATERLOOLITE** is the man's most important duty.

A simple treatment is to gorge the throat (three times a day). The antispasmodic properties of Herminine quickly relieve the throat. Of course if the chest is sore Herminine also soothes the sore—like rubbing—it can't hurt a bit and the congestion and break up the cold.

To prevent flu or colds from gaining headway is most effective. It is easier to prevent a cold than to get it. Herminine is the system purger of all waste materials. Dr. Hession's Pills are recommended. They act without hurt of any kind. This combination treatment of Herminine and Dr. Hession's Pills will prove a very satisfactory preventive and

SPRING WORK TO START EARLIER

Farmers Making Preparations to Get on the Land Shortly

Indications point to an early start of spring work on the land this year and providing the weather improves but what the season will be an early one. Farmers are busy making preparations for the annual spring rush and just as soon as conditions are satisfactory there will be many at work in the fields.

So far no work has been done in this district, most farmers feeling the season too early and a setback would be bound to follow, while moisture conditions are none to good. The winter snow was not heavy and this did not add the fact that no moisture had fallen since before harvest had fallen. The ground has been bare for over a month and while there has been a few scattered snow flurries not enough has fallen to do any good. A good soaking rain or a heavy blanket of snow would bring joy to the farmers heart just now and it would give the needed moisture for spring planting and the need a chance to appear.

RECENTS OF LADIES FINE

A most interesting and instructive trip of Jasper National Park above in the afternoon with the regular school at the McNaughton town on Friday night, and those fortunate enough to see it and hear Mr. McNaughton's interesting talk as he gave a feeling of pride as he pointed out the various places that have been done and is being attended in one of the greatest parks in the world. Mr. Whitman is to be congratulated on securing this.

LEVELING

The rich are growing every day more like the poor in every way. What can they have to prove their wealth but what the poor in moderation may get in some good imitation? A man of mere spoke road rhyme and "The rich," says he, "many ride in chains," and adds, "The difference of course means well." "What then who walk and then who ride, but not so notable, rich thinks, between Bill-Royce and Billy Ginks. Distinctions there grow less and fewer between rich man and the poorer. The wealthy can't increase their riches because of poor assimilation, and Cuckoo leaves in our day his one last bet for wealth display. A lot of cash—he will give it to the poor, and when his wife would wear it. Since female legs escaped from him, and a nice thin one—his wife, an officer, our wife, can show some curves to him. For in our day the Colonel's lady is even more the John O'Connell, but she's 'neath their skin, but she's in their shape's skin. I state of careful observation. I state this without hesitation.

OBITUARY

JOHN BOLCH PASSES AWAY

The death took place at the family home in the Water Glen district on Monday afternoon of John Bolch, a highly respected resident and one of the pioneers of that section following an illness of several months.

The late Mr. Bolch was born at Marietta, Ohio 30 years ago on March 24th, he came to this district some twenty-seven years ago and resided in the district which he carried on until a short time ago. During his many years here he has made many true and kind friends who deeply regret his passing, a man of sterling character, the late John Bolch was beloved by all who knew him.

Besides his wife he leaves four sons, John W. Preston, Peter, Norman, and three daughters, Mrs. J. Dinsmore, Mrs. Martin Haglund and Miss McNeil all of this district, to whom the shroud sympathy of a host of friends will be extended in their bereavement.

The funeral service will be held this morning, Wednesday, at 10 o'clock, at the Baptist church, Rev. Geo. Driver at Calgary, will officiate and the pastor of the district of this district will have charge of the service. Interment will be made in the Water Glen cemetery.

FAIR WILL NOT BE HELD THIS YEAR

Two Sports Days Will be Held Instead on July 1st and 2nd

At a meeting of the officers of the Agricultural Society held during the week the matter of holding a fair this year was discussed and the decision not to hold one was arrived at due to lack of interest and the fact that it is hard to make a fair a financial success.

It was decided at the meeting to hold a two days sport program this year on July 1st and 2nd. Monday and Tuesday and all efforts will be put forward to make it two gala days with a complete line of sport, amusement, which will be made as early as possible in June.

MINOR 2 at BASHAW 11

The return game of basketball between Mirror and Basmaw school teams was played at the local demand Friday night and drew a goodly crowd. The Mirror side started well by counting two in the first ten and making the locals, but Basmaw got a start of one at the second and then connected for everything in the third to run in seven runs adding one more in each of the next three innings while Mirror was unable to score. The feature was a home run by Norman Holt and a two banger by Jack Cook while the other side added their part to the defeat. The score: Mirror, 20-0, 0-0, 3-5 & 7 Basmaw 07, 11, 11, 11-33

Batter on: Mirror, W. G. and Orling; Basmaw, Reider and McDell. Umpire, Harney.

This world of ours is on the march and ever so she on, while superstitious folk away and scepticism grows, we're leaning more and more upon the things that science knows yet while we're in evening hours and how the radio, enjoying all the other gifts that out of knowledge how, let's not forget the mighty things that science does not know. The atoms were some small things but as our forefathers we ask the little atom's tail and pull the thing to pieces. We find, the things we weigh the earth and analyse them, that all the stars are one with us and we with them are one. The more we know, the more we glimpse of other realms untold, the Cosmos stretches farther out to give more room for God. The Grace of Him unmeasured stands, unthought of like water, the way of Love more fast and far than ultra-violet rays.

Get my heart on this Pontiac Big Six ... even before I knew how thrilling it was to drive. It just looked so "Big Six-ey". You know, it had that air of distinction that makes you long to call it your own.

"And then I drove it! It's simply the most stunning thing I can forget all about the engine and those mechanical gadgets because, so just know they're alright. And it tops the cheapest hies without even a murmur.

"I never knew one could get a Big Six at such an absurdly low price."

OBITUARY

The death took place at Dursley at the home of his daughter

The late Mr. Simonson was born in Norway and came to the

United States as a young man. About eighteen years ago he moved to Alberta and settled in Ferry Point district where he carried on farming up to a year ago when he went to live with his daughter at Doremus.

The funeral service was held

interment being made in the Dorence cemetery. Rev. Mr. Larson of Camrose officiating. The pallbearers being Messrs Lars

and Charlie Gabrielson, Alfrie Trounau, Willie Anderson, J. L. Ellingson and John Olson.

Sincere sympathy is extended to the bereaved family of four sons, northwest Perintosh and 8 miles southwest New Norway on June 26th and 27th. This is a natural sailing and already some of the best horses have been obtained

Ferry Point, Adolph, Edmonton, and four daughters, Mrs. Johnson and Mrs. Ofotis, Dorenae, Mrs. Hibbe, Edmonton, Mrs. Me-

ful car made." (Name upon request.)

MEN and women in every community have discovered that this dynamic car provides an advanced standard of motoring—that it out-runs, out-climbs, out-performs any automobile they have ever driven—that it is exactly what

McLaughlin-Bulck owns any 11 is the finest performing automobile ever built. More than twice as many people have purchased McLaughlin-Bulcks as any other automobile at or above its price. And additional thousands are getting be-

hid the wheel, getting the facts and entering orders for McLaughlin-Bulch with each passing week.

McLaughlin style, matchless comfort and, above all, matchless performance, are the reasons. Come, prove these things to your

own satisfaction. Take the wheel of success—test it against any other—and you, too, will join in the nationwide endorsement of McLaughlin-Buick!

The Charter of Anglo-Saxon Liberties

When King John of England placed his feet upon that historic document, the Magna Carta, on June 15, 1215, the date when history has fixed the progress of all events in the political development of our country.

Only two years after the signing of the Great Charter of Liberty, a French noble had his invitation to the United States given to him by the illustrious Magna Carta. The American people, with their hearts in the Magna Carta, have been the first to give to the world the Charter of Anglo-Saxon Liberties.

Over the years of the world, the Charter of Anglo-Saxon Liberties has been the first to give to the world the Charter of Anglo-Saxon Liberties. The Charter of Anglo-Saxon Liberties has been the first to give to the world the Charter of Anglo-Saxon Liberties. new Bremen? Yes, my wife wants me to refrain from smoking, refrain from card playing, refrain from staying out late at night, and refrain from money everything else I want to get a little out of.

Johns Commission Report

His report of the Breckenridge Society Commission, which is to be accepted, will be completed by the end of August. It is expected by the John Alden, chairman of the commission, who also returned to Bremen from a

Lady (said to laughing): "I want to know to what?"

Clark: "Seven and seven." Mrs. Clark: "Seven and seven."

Lady: "There is seven shillings and six pence."

Clark: "Seven and seven."

LOCAL AND PERSONAL

Rev. and Mrs. Taylor and children left yesterday on a trip to Victoria and other coast cities.

Mr. and Mrs. Hale and family will be on a motor trip to Los Angeles.

The town tennis court has been rolled and is now in good shape.

Bashaw Avenue and Spruce Street were graded and repaved. The work was done by the town engineer, supplying the power, gravel, etc.

Parsons & Ellis and the Bashaw Bank have finished the new building at the corner of Main and 1st streets, making a distinct improvement on the town square on hot days, the second set of gas and is now a very artistic sign, the handwork of Messrs. Carlisle & Co.

Importance Of Tourist Trade As an Economic Factor In Canada Continues To Increase

The importance of the tourist trade to the economy of Canada is becoming increasingly apparent. The tourist trade is not only a source of revenue for the government, but it is also a source of employment for the people of Canada. The tourist trade is a growing industry in Canada, and it is expected to continue to grow in the future.

B.C. Needs Another Economic Factor

It is the opinion of the British Columbia Chamber of Commerce that the province needs another economic factor to supplement the tourist trade. The chamber of commerce is a leading organization in the province, and its opinion is highly respected. The chamber of commerce is of the opinion that the tourist trade is not enough to sustain the economy of the province, and that another economic factor is needed.

Farmer Relief In Canada

Relief for Canadian farmers is a topic of great importance. The Canadian government is taking steps to provide relief for farmers who are suffering from low prices for their products. The government is also taking steps to provide relief for farmers who are suffering from drought and other natural disasters.

Adopted By All Countries

The Canadian dollar is being adopted by all countries. This is a significant step in the internationalization of the Canadian dollar. The Canadian dollar is becoming more widely accepted, and this is a good thing for the Canadian economy.

Canadian Telling To Go

Canada is telling the world to go. This is a statement of confidence in the Canadian economy. The Canadian government is confident that the Canadian economy is strong and growing, and that it is capable of competing in the world market.

ANNOUNCE NAVAL DISARMAMENT TERMS SHORTLY

months before the Parliament rises the end of July. Prime Minister James Macdonald announced the Premier said he was doing his best to expedite the negotiations that he was not certain the statement would be forthcoming.

After discussing disarmament House of Commons heard from Right Hon J J Clynx Hughes, who said why Lord Hughes and MacDonald wasn't permitted to go to England.

Right Hon Winston Churchill said that he was not present in opposition he was a leading cabinet minister fairly probed the Labour Minister into a disarmament state-

renseur Macdonald characterized a most noteworthy suggestion as such by Churchill whether it was or was not, that a most grave and important decision of this kind was withheld until parliament separated. The premier explained that it was obvious the situation was not in his hands alone, and a very complicated set of circumstances existed and that when dealing with international affairs

can not with a cabinet or a document alone.

I hope the cabinet will not ask me to do this, he added.

In a statement regarding Trotsky, Stalin disclosed that the British government feared the difficulties might arise in securing the Russian Bolshevik leaders' departure from Britain if his presence should become embarrassing.

In some circles in Britain it has

tell that the manner of Trotsky's application for admission to the party was ill advised. He made request immediately after the new Government came into power, revealing his sympathy for the new administration. At a time when their files were searching for every opportunity to embarrass them, Labor files were most careful to make no reference toward Trotsky which might be misinterpreted.

Maryann gazed at Molly with renewed interest.

"You gave him the hint, did you?"

"Yes, that's what he did," said Molly, "but that's another story. I mean, I have a show where he can place it right now. Can you get the money over here? I want to take it home."

"Molly was up in a flash. 'Oh, no more hell's money,' she said. 'But for you, I'll get it.'"

She tripped away rapidly, humming for Al, who was still standing in the main room by the open back door. The crowd was clamoring for an encore and Molly realized some one was clapping constantly and ready to credit the turn in reviews. One

M. F. Torpy, Bill Ryder and Mr. Torpy's two machines left on Tuesday for a two-monthing expedition at Hudson's Bay.

G. H. Barrow was a visitor in Edmonton, Monday.

Don Haggerty, Carl Wines and Carl Mehta motored to Coronation on Sunday. They met with bad roads, and coming back a thick fog added to their troubles.

Dr. Jamieson, the newly appointed Health Officer for the city of Edmonton, Mrs. Jamieson and children spent the week end with Dr. and Mrs. Demme.

Quite a number of Bashaw people leaved the roads on Sunday. We noticed Mr. and Mrs. Peta Gref and family visiting friends in Fortin, Mr. and Mrs. J. McCutcheon in Canmore, Mr. and Mrs. Hatfield and Mr. and Mrs. Roy Hatfield in Canmore.

Carl Mehta is actively engaged in the drainage of his land near the town and in the health of his land. He seems to think "home-making" preferable to shepherding. We shall miss you Carl.

Mrs. J. A. Marshall's many friends will be pleased to hear that she returned from the hospital at Edmonton last week considerably improved in health. Her mother and father Mr. and Mrs. Wines are her guests this week.

WOMEN IN SENATE QUESTION TO BE DECIDED SOON

CHICAGO, April 10.—(Special Agent.)—The reference to the Terry (Chambers) case in the equality of women to be made in the Senate of the United States was made by H. H. Ladd, U. S. Attorney, Chicago, yesterday, who referred to the case after an address of two hours and thirty minutes. Mr. Ladd represented the President in a number of cases before the Terry (Chambers) case. Mr. Ladd explained that the case was referred to the Terry (Chambers) case in connection with the reference to determine the right of women to be in the Senate. The case had been argued by H. H. Ladd, Eugene

As this is a new pending, I stated in my column thereon," said Mr. Cannon. I say so, however, that the question before the court is not whether women should be appointed to the senate but whether, under the present wording of section 24 of the N.C. act, women may be appointed to that body. The principle of the admissibility of women to the senate is not at issue, but the tribunal seeks from the highest tribunal in the empire the method whereby they could be appointed. The question was fully argued by the two learned counsel and judgment in the matter has been reserved."

Plant To Manufacture Explosives May Be Built Soon

Winnipeg. The Manitoba Free Press publishes the following: "Rapid development of mines in northern Manitoba has led Canadian Explosives division of Canadian Industries, Limited, to purchase approximately 1,000 acres of land in the vicinity of East Neelvik, 18 miles north of Winnipeg, upon which to erect an explosives plant. The enterprise involves an investment of approximately \$750,000.

"Date of construction of the plant is contingent upon mining developments, but it is expected that work

LOCAL BRIEFS

Mr. McFadden of Nanaimo, Ontario is visiting her son, W. C. and Mrs. McFadden here.

Miss Dorothy Charleworth left last Friday for Calgary, where she will work for her grade XII in the Central high school there.

Mrs. Kystomoe and children are leaving Bashaw today for their home in Council Bluffs, Iowa, after spending the summer here with Mrs. Kystomoe's parents, Mr. and Mrs. D. Pearson.

THRESHING APPEAL TO THRESHING OWNERS

During the threshing season rural phone lines are constantly going out of order for the simple reason that threshing rigs seem to be unable to resist changing the lines and carrying them along with them. Just a little forethought and care, especially when moving at night, would be much appreciated by farmers, who are the chief sufferers, and would considerably minimize the inconvenience caused to farmers' wives, whose time and patience are so valuable during this busy season.

NOTICE

In the Estate of Frederick Pinckney, late of Bashaw, Alberta, deceased.

Notice is hereby given that all persons having claims against the estate of the above named Frederick Pinckney, who died on the 10th day of July, 1929, are required to file with Messrs. "YOUR DRUGGIST"

Surprise Party for Mr. and Mrs. Robert Miller

The W.I. and the Elks' lodge gave a joint party in honor of Mr. and Mrs. Robert Miller on Wednesday last at the I.R.O.E. hall. A large crowd attended and eighteen tables were filled at the whist drive, which took up the first part of the evening.

The prizes winners were, Mr. and Mrs. Frank Wada, Mr. and Mrs. D. Pearson, Mrs. J. Bruce Cowan, Mrs. G. McDonald.

After the whist drive, an entertainment was served and then Mr. E. M. Robertson made the presentation speech and handed Mr. and Mrs. Miller a well filled purse.

Dancing followed, the music being supplied by Mrs. T. Morgan and Miss A. Jarvis at the piano and by Bert Stevens on the drums. The party broke up in the small hours, everyone reporting a first rate time.

Bert Williams Jr. was down from Vegreville this week. He and his wife have been here for the past two months.

We wish to announce that having disposal of one hundred and one shares of the company of Messrs. Mortenson & Son, they will now be able to enter to your requirements in the important line.

We thank all my friends for their patronage, and trust they will as loyally accept our new business.

GEORGE W. WHITTINGBACE, Surveying and Threshing

James of Leland House
Colin Craig put in a record this week, threshing 100 acres in less than a week. An investigation into its origin is being conducted.

Reuben Schultz of Montreal was in town when last Thursday. His first lead resulted in a job and he has about 1000 bushels of this wheat.

While working for E. A. Bailey last week, W. Doyle had thrilling run-away, something got caught in the handle, he got off the binder to investigate and he did not, a jack rabbit came out of the grass, mowing the harness. Mr. Doyle just had time to regain his seat and they were well away. First one then the other broke and it wasn't until a corner fence stopped the team, that he had an opportunity of seeing the cause.

J. Charleworth is getting extra C.W. for his barley which is being shipped to the Calgary Brewery.

Threshing supplies such as leather and steel belt lacing, belt dressing, nails, etc., are of the best quality when purchased at Mortenson's.

If you contemplate threshing, or remodeling that house or building get in touch with us so as soon as possible, to secure promptness. We'll do the best quality work and guarantee and charges included.

Let us point that also, our work compares with any city job. Let us quote you prices.

NEWS OF THE WORLD

The Chinese-Siaman situation appears to be getting worse. The problem of peace and war is still unsolved.

Another big gusher came in recently at Turner Valley for the Home Oil Co. It is a continuing thing now and does not come the excitement it used to.

The commission are proving their worth this season by saving a tremendous amount of short grain which would otherwise be lost.

The Turner Valley oil fields were threatened recently by fire and oil firms which have been raging for some time.

The fourth series film with a few weeks covered at Edmonton on Friday morning with a loss of \$27,000. An investigation into its origin is being conducted.

BABY CLINIC

The W.I. baby clinic was held in the Hotel Windsor on Thursday last. Miss Davidson of the public health department was in charge and examined thirty-three children under six, and though there were several slight over or under weight, there were many fine specimens Canadian youth.

TECHNO NEWS

The Gadsby Lake Tennis Club of which, F. F. F. is secretary, played Bashaw on Sunday. A long program of matches had been arranged but owing to the rain it was found necessary to "scratch" the matches. A number of friendly games were played, however, before the change finally set in. The local club are anxious to meet Mr. F. F. F.'s team again in the near future.

NOTICE

Notice is hereby given that the final wind-up meeting of the Bashaw Electric Light & Power Plant, Ltd. will be held at the home of Mrs. Della A. McCarty, situated on the N.E. 1/4 of section 25 (township 53 north 19 west of 4 on Wednesday, October 2nd at the hour of three o'clock in the afternoon for the purpose of the hearing reports of the liquidators and of any business that may arise from the wind-up of the Company. THE 1999 CROP

Up to the present time there have been 22,000 bushels of grain in the present crop shipped from this point, consisting of 6000 bushels of coarse grains and 16,000 bushels of wheat, as compared with 507,000 bushels in the preceding crop. Although this is a considerable falling-off, yet it is remarkable yields in this district should be so

are the best, which points to upward trend in the market.

One of the most arresting phenomena of these times is the appearance of the English language, particularly since the great war. At present English is the current tongue of some hundred millions of people. Fifty years ago it was the language of a few millions. The English language, as well as that of our own American and Dependence, has everywhere domination some degree within a few decades. It is the unifying factor in a nation composed of a score of nationalities. Now it is inevitable that in course of time the English of Great Britain, and that of America shall diverge. The very individual of each nation will have his own English as we have this.

He waited for a cursory window-down below he could see the crowd in black masses still moving slowly up and down the sidewalk, grim-

hereby his baby. Al thought his rage had passed over and that he was thinking clearly. He went to the doorway and heard the maid putting coffee in her little back room.

"Coke?"

"Yes, sir."

"If you haven't gone to bed will you stop here a moment?"

As he paced up and down, he would Molly be likely to do sight; where would she be likely to go? There were hopelessness and Al knew it. However, a very thick pipe burst from Perry's hands and Al could read that Maurice's mind.

"Then, he has no room."

OLD THOMAS SERVICE
AT BIRMINGHAM

A revival of the "Old Times' Service" at St. Martin's church, Miami on Sunday afternoon last, packed the church. The address by the Rector, Rev. W. F. Griffiths emphasized the debt owed by the rising generation to the old timers, whose "agony work" and faith and endurance made possible the comforts enjoyed today in the district. The service was afterwards served at the Rectory, where Mrs. Griffiths, assisted by the congregation, entertained the congregation.

PICKLED PEPPERS

Pickled sweet red peppers make delightful garnish for cold meats and salads. Wash and dry peppers thoroughly, then cut a slice from stem end and remove seeds. Cut either in thin strips with scissors

around the pepper with a sharp knife. Scald well then drop into water to crisp. Drain well. Make syrup, using a proportion of one sugar to two cups vinegar. Put pepper in jars, add syrup and seal.

The ejection of the women was a more difficult matter. "Because the unpemitted nature," the women shouted, "We rushed to them but the women had handcuffed themselves to the railing of the gallery."

The women screamed and shouted while the peeping stewards tried to break the chains loose. The stewards tried to stop the noise by placing their hands over the women's mouths. One of them broke loose and was gagged with a handkerchief. She broke loose again and hit the steward.

A delegate rose to protest that if his words had been treated like that he would punch the steward on the nose. The chairman, Hon. Herbert Morrison, replied the delegate could have the steward's job if he wanted it.

OF SAFETY OF McALPINE PART

Ally made a four-hour, 200-mile flight to Fort Resolution, on Great Slave Lake, in the Northwest Territories, bringing the first word of Mac Alpine's capture to have been received in two days.

Alone, Andy Crutchikowski, joined the aerial relief expedition, at the command of Captain Gary Blincher, arrived at Fort Resolution and reported Colonel C. D. H. Mac Alpine had his party safe at a settlement on McLeod Bay, where they have been land-bound a few times.

November 12.

...the threat means of communication with the outside world. Crews have understood the dangerousness of the situation and have been ordered to leave Port Robinson to avoid further casualties and to report the party's safe arrival at the base.

Initial reports received by the relief party were not reassuring. To the north of Port Robinson, along a 1,000-mile aerial trail to the base, landing conditions are not favorable for the big all-terrain "bushbuck" for the helicopter parcel, which is being flown by Colonel MacRae to meet his men on the ground to civilization. MISCELLANEOUS

He packed his grip
To suit the trip;
A book to read
And things he'd need.
Now starting out
He thought about
Ties, cuffs, shoes
He'd have to use.
Well, life's a trip!
The mind a grip.
And travelers wise
Know needs arise.
Then, too, must pack
Till they get back
To suit the day

Let come what may,
Strength for the task
The more shall ask;
Courage to stick
Through thin and thick;
The will to brave
All problems great.
Now men succeed.
All those they'll need.
A bit of mirth
To lighten earth;
For men who fear
A word of cheer.
Faith and relief
For times of grief
All those they'll need
Who would succeed.

LOCAL AND PERSONAL

Don't miss the musical
dance at the rink this
Friday. Good music, prizes.

Mr. and Mrs. G. Hensch visited at Edmonton over the week-end.

Mrs. H. H. Giesbert of Hanna is spending Christmas at the home of her daughter, Mrs. T. Morgan.

Mrs. Preston Sharp has been visiting at Stittsville with her sister who is ill. Mr. Sharp is also at Stittsville to spend Xmas with them.

Several were out to the chain lakes, fishing, last week. Among them were (Gladys) Stedman and Charlene Stedman. They report real good luck and a fine time.

The Lutheran church will hold their Xmas entertainment on Christmas night.

Miss Merriam who has been teaching at the Convent is home for the holiday.

Mrs. J. E. Cunningham has her brother Mr. Alfred Cunningham visiting her from Oregon.

Miss Frances Conner is home from the Camrose normal.

Miss Dorothy Charlesworth who is attending school at Calgary, is home for Christmas.

Miss McTaggart, the teacher at Stillo, has gone to Calgary for Christmas.

George school held its Xmas concert on Friday and Saturday and Water Glen held theirs on Monday. All of them drew large crowds and report a good time.

Beer is in mind the big dance on New Year's eve, in the Elk hall. The five-piece Melody Kings will furnish some high class music.

A baby girl was born to Mr. and Mrs. Wm. Baslow on Wednesday last.

Miss Alice Barker, GNS Sharp and Frank Brewster are home from the Olds school to spend Christmas.

Rocking Bay, Stillo and Boone Vista all held their Xmas concerts on Friday evening last. In each case the school was crowded and everybody reported a good time.

Mr. and Mrs. Pete Adams and daughter, Barbara, went to Calgary on Monday last to spend the Christmas holidays with Pete's parents.

We are sorry to learn that Miss A. Price is leaving as on January 5th. She is apparently taking charge of a school in the near vicinity of Toxoid. However, our loss is her gain, and we wish her every good thing in her new appointment.

H. J. Smith, night specialist, will visit Bashaw on Thursday, January 24th, and every third Thursday in the month thereafter.

LOCAL AND PERSONAL

News to Mr. and Mrs. C. George Bailey, on February 13th.

Mrs. W. W. Beets, will have on Thursday for a visit in Midland.

Don't forget the visit of W. Carroll this Friday, at the rink.

Born to Mr. and Mrs. Wm. Rains, on February 12, a son.

Mr. Rains is the cousin of a letter from Mr. C. G. of Rockport, Kansas, stating that she wishes to be remembered to all her business friends.

The Masonic Degree were visited on Monday, 12th, by Mrs. A. W. Frisley.

We welcome into our midst the new members, Mrs. J. M. Frisley, Mrs. G. M. E. W. Frisley late of the Chevrolet garage, and Mrs. C. G. of Rockport on Wednesday last, and we are glad to hear prospects in the harvest season.

Harold Hannan spent the week-end at the home of Mrs. W. G. Goble amongst the arrival of spring and early season. Many signs of spring.

The hockey games on Friday night were very interesting and one report a big thing.

Mr. J. M. Frisley has been very fine and warm, and the snow is disappearing.

When I dropped another 40 on

Harold Cunningham's marks, 85 were omitted from the January 1st list, and the new list was sent last week.

M. J. Holt took the Convention of the Oliver: Masons of the Valley on Wednesday last, and will be in Edmonton this week.

Edith Miller was a visitor in Edmonton this week.

The Elks are holding their next visit drive on Wednesday February 23rd.

The Bashaw Garage have un-mailed their first set of Chevrolet cards this year.

Mr. S. W. Walbridge leaves this week for his 37th year's visit in Edmonton.

Mr. Taylor entertained a group of ladies on Tuesday afternoon at the Bashaw Garage in valley hall at the 4th level hall. They were very much entertained over the ladies' supper.

The whist drive put on by the Ladies' Guild last Wednesday night, was very successful and a large crowd, gave Mrs. Gordon Jones the best, lady, book, and consolation.

M. J. Smith, shift operator, will be in Midland on Thursday, Feb. 26th and every third day thereafter is the month there after.

Born to Mr. and Mrs. Wm. Rains, on February 12, a son.

Vegetable Gardens Possible

The easy distribution of forest trees to private farmers by the Forest Service, Department of the Interior, has been well marked effect in greatly increasing the number of vegetable gardens and orchards in the Federal States. Until recent years vegetable gardens were grown only on a few farms. Now the great majority of owners of the land have some vegetable gardens. They are growing more fruits and vegetables than ever. The number of vegetable gardens is increasing rapidly. The number of fruit trees is increasing rapidly. The number of fruit trees is increasing rapidly.

**WANT IMPOSITION
OF A HIGHER
DUTY OF EGGS**

Ottawa—Canadian hens produce the finest eggs in the world, but heavy seasonal imports of eggs from the United States are disturbing the serenity of their owners. The question of restricting imports increases in the tariff on eggs was argued before the Advisory Board on Tariffs and Trade when the Application of the Canadian Foodstuffs Ltd. case was heard.

The applicants asked for a duty of 5 cents a dozen on all foreign shell eggs entering Canada which do not comply with the specifications of Canadian extra. The Canadian extra, it was pointed out, were of such a high standard that no competition from abroad was feared. At the same time it was urged that the present fixed value on frozen eggs entering Canada should be at least maintained. The

The question revolved itself into whether the remedy proposed would have the desired effect. In a letter from the Canadian Chamber of Agriculture it was argued that the imposition of a higher duty would only have the effect of stimulating production in Canada with a lowering of the present high standard of Canadian corn. The re-

The inquiry complained of occurred chiefly at the present season of the year when large quantities of eggs from Chicago were sent to Toronto and Montreal and offered for sale at prices as low as 25 cents a dozen for extras, when the cost of

production was to come a damn close to that was attributed, in part, to a desire on the part of someone to force down prices just as Canadian hams were beginning to lay heavy in the spring and eggs were being put in storage.

Owing to climatic conditions in Canada there was always a very heavy production during the summer and eggs had to be stored at considerable expense for winter use. The only production of winter

Another hearing is likely to be held.

He was a former prime minister in Thomas Balfour's last days of his life of the great Victorian statesman. His last act was characteristic of his whole life.

James Cullum, who had been in his service 20 years, Lord Hailford told him by the hand and said:

"Good-bye, James. Thank you very much for all you have done for me."

Lord Hailford was 87 years old. He was created an early and Viscount Traquair after the Washington conference in 1921, and will be succeeded by his brother Gerald, in whose house he lived.

The funeral was held at Lord Macleod's Scottish home at Whittington.

Premier MacDonald, informed almost at once of the Earl's death, declared, "It is the end of a long, useful life, and the whole nation will unite in expressing its regret and in paying its tribute."

The Earl was 81 years old last July, and he played tennis right up to that birthday. A most notable characteristic was an almost unob-

Joe Ansel of Kamloops, formerly of the pool room here, and lately manager of the Pool elevator, was a week end visitor. Mr. Ansel has been on the sick list lately, we regret to hear.

H. J. Small, sight specialist, will visit Banham on Thursday, May 15th and every third Thursday in the month thereafter.

Some of our citizens witnessed a partial eclipse of the sun on Monday noon. The birds are all back, but we miss the song of the frog again this year. Local robbers should be on our minds. We have met and kindly looking plants shooting up in several gardens. Little Kenneth Ford who cut his leg open last week, is doing very nicely.

Mr. Traylor at, says that he is receiving "BB" mails in quick succession these days. He reports that grass is plentiful and livestock doing well. The Board of Trade met last night. Tuesday. A full report will appear next week. G. A. Wells has had excellent luck with his foxes so far. A litter of five have recently been born. J. R. Whitely is also expecting some litters.

Miss Haines of Altona is a visitor in town during the Easter holiday. The Mirror L.O.F. are holding a dance at that place on Friday, May 10.

Most of the debate took place in connection with the Alberta bill and the Saskatchewan legislation passed with little discussion.

The discussion centered around an amendment to the Alberta bill designed to give that province certain rights contained in the agreement with the province of Saskatchewan.

The Alberta agreement for a Royal commission to investigate the federal relations between the province and the Dominion since 1965 in order to determine what sum should be paid the province from the Indian income tax generally explained.

The government of Saskatchewan wanted this investigation carried further back to 1870 the time of the taking over of the Northwest Territories by the Dominion. In addition, it wanted the courts to determine the

provinces in connection with education. By the amendment these rights were extended to Alberta.

Mr. R. H. Beckett suggested that following the ratification of the agreement, parliament should pass an act to give full effect to the transfer which would take place when imperial legislation was passed.

Mr. Ernest Lapointe, Minister of Justice, said the government would take the matter into consideration and would do everything necessary to carry out the agreements.

Dr. Brown of Beartown, Sask. was a visitor in town during the week end.

Kila Summers, daughter of Mike Summers, was taken to Camrose last week and operated on for appendicitis. She is making excellent progress.

Congratulations are in order to Geo. Ye Shary, whose name was among the recently published successful candidates at the Old School. George took a two-in-one agricultural course.

F. Hoegmond has been busy building a veranda on his house.

George Ruff has now opened his blacksmith shop.

We regret to hear that Little 'K' Davis is at St. John's. She was taken to Edmonton on Sunday and we are glad to hear that the specialist's report was not as serious as was expected.

Mr. and Mrs. Wm. Hawker were last week end in Edmonton.

Jim Fisher of the Royal Bank staff here has been transferred to Okotoks and leaves today.

The A.Y.F.A. staged an entertainment last night. A show of Chabots will take place here.

Mr. and Mrs. Kabery, J. Flood and Roy Mortenson motored to Calgary for the week end.

Mr. and Mrs. M. J. Holt and boys and Charlie Correll took in the Camrose sports last Saturday. Benjie Holt was second prize in the quarter mile over race for high school students, 2nd in the 100 yards dash, and 3rd in the hop-step-jump.

M. F. Torpy reports the sale of a four touring to Gus Baker.

Mr. and Mrs. R. Gardiner and family to Camrose were guests of Mr. and Mrs. Hipswood last week end.

Mrs. McNeil and children of Calgary visited with her father, Mr. W. R. Williams, over the week end.

Most reports have castigated the report after last Tuesday's dust storm, varying from no material to 14,000 cabbage plants. Those of us who mowed wearily at our smashed and ruined perennials and shrubs will have great sympathy for Ernest. His horse whose whole spring work was based on the ground in one day.

Mr. and Mrs. Rudolph Trappin, Mr. and Mrs. J. Dalgleish, of Calgary visited with Mr. and Mrs. Wm. Trappin during the holiday.

Don't forget Mrs. Probst's sale this Saturday.

Considerable shipments of hogs and other stock have been made from this point lately. All farmers are complaining of scarcity of food.

Vernel J. Harner of the Bank of Montreal made a trip to Alliance on Saturday and while playing on a ball team had the misfortune to break his leg. He is staying in Alliance at present.

We wish him a speedy recovery.

Dr. Watson returned to Bashaw on Saturday last.

Provinces Need Aid Of Federal Government To Build National Highway

Annual Agricultural Statistics

Every Farmer Asked To Fill In and Return Schedule

It is the custom of the Dominion Bureau of Statistics to co-operate with the nine provinces in making a Dominion-wide census of important agricultural facts at the turn of each year.

Recent labor the form of a simple card-based schedule distributed to individual farmers through the medium of the rural school teachers and pupils in seven provinces, and in

ment from one end of the continent to the other. In the recent census on the subject most parliamentarians leaders as Hon. Dr. Mann, Hon. Charles Stewart, Hon. Hugh Collins, Hon. J. G. Macdonald, Hon. J. A. McArthur, Hon. J. B. McArthur, Mr. Woodworth and others indicated an increasing concern for the welfare in connection with this matter. Dr. Mann supplied the

Ontario and British Columbia through the rural postal offices. The essential subject is to reach every farmer and to encourage as many as possible to take advantage of the program.

The two main phases of farm production are the areas of field crops and the numbers of live stock are covered by the form. The areas of field crops determined from the schedules are combined later in the season with the estimated average price per bushel to determine the total paid for the crops. In the case of wheat, particularly interesting information that there is always only some 230 miles of highway put to its maximum, the fact that the country was through unproductive previous territory, it might well be expected that the Dominion would continue towards the construction of R. O. of the strongest arguments in favor of the present advances in the House of Commons.

On the other hand, the construction of a national highway commission above the head of the Great Lakes and that transportation

THE ELECTION FIGHT HAS BEEN CLEAR. LET'S HAVE A GOOD, CLEAN BALLOT

And now the smoke of battle is almost over, where do you stand? What is the result of the talk, talk, talk? Let us sift out the heres and let the chaff lie around.

The Farmer Government has undoubtedly come through the ordeal with undiminished confidence. Outside of minor slips in administration nothing has been found in the whole nine years' record to criticize. All parties have acknowledged their sterling worth and honesty of purpose.

The feeling against straight party government is as strong as ever. The cry against such government has been very loud and some kind of co-operative administration is the ideal of both farmers and business men.

The last men for the job, both mentally and morally is the demand, men who will co-operate with the government, men who will encourage it.

Well, you have heard and seen both candidates and unless you are blindfolded, you will have made up your mind long before the polls are closed. Get out and vote and show your honest conviction.

K. Westwick Meeting

A great Liberal rally was held in the Lower West district on Tuesday, June 10th. The attendance was estimated at 1000. The speakers of the evening were H. Black and K. Westwick.

The Liberal candidate, K. Westwick, proved himself a very active speaker and dealt with the issues at stake.

His criticisms of the U.F.A. Government were most telling, and he assured the electors that if he is returned as their representative he will serve all classes to the very best of his ability.

V. V. Smith Interviewed

Mr. V. V. Smith interviewed a well attended meeting in town on Tuesday, June 10th.

Mr. J. A. Marshall occupied the chair, and introduced the speaker, a few well chosen remarks, pointing out that Mr. Smith had always been a fair and square man, in spite of the fact that at the last election, the local poll showed a majority in favor of the opposition.

Mr. Smith started off by giving a very interesting story of the negotiations between the province and the C.P. and C.P. for the sale of the northern railways which were finally consummated in a most satisfactory manner.

The Natural Resources were most explained and the province or told of the fair manner in which the Federal Government met the province, and of the final results of the deal.

He then pointed out that

He then pointed out that the Govt. Telephone was in a better financial position today than ever, but that the road could not be reduced as the province was in favor of it. They would be before long open the school bill with such time as was concerned that the public were in favor of it, and that he thought it should not be passed until after a Trustees Convention. Mr. Brownlee was also taking the same attitude with regards to this bill.

Mr. Smith pointed out that though the Provincial debt had been paid off from \$7 millions in 1921 to \$1 million today it is the fact that the present Govt. had been borrowing and spending at the rate of \$1 million per day since the Liberal party took office. He pointed out that the Liberal party had borrowed \$1 million per day since the Liberal party took office. He pointed out that the Liberal party had borrowed \$1 million per day since the Liberal party took office.

Predicts Another War

Soviet Ambassador Gennadiy Gerasimov, former Soviet ambassador to the United States, said in a speech in Moscow, Russia, "I cannot say, but I think that the use of his potential warnings is a warning of another great war." He said that the United States, Japan, Great Britain and France are all "in a state of war."

year could spend 5,700,000 rubles (about \$1,000,000,000) on armaments compared to only 500,000 in 1915, and he stated as indicating clearly the countries are preparing for war and possibly for war.

The Farmer's Wife

ON most farms the money from the poultry, the dairy or the garden belongs to the farmer's wife, but unless she has a bank account the money goes away.

Every farmer's wife should have a bank account: there are so many things to save for—things for the home—a holiday trip—or the powerful rainy day.

A few hundred dollars in the bank will give you a wonderful feeling of security and independence.

LOCAL AND PERSONAL

Mr. and Mrs. E. R. Jackson and three children from Consort spent the week end at the Whitely home.

G. Brown of the Calgary Power Co. returned to work last Thursday from a holiday trip in Seattle and Vancouver, having covered over 3,800 miles.

School exams are, we hear, much as usual, from the candidate point of view. Some are "for" "a hard" and others "not so hard". However, they will soon be over now.

Mr. Cochran, Salvation Army collector who was in Bathurst last Wednesday, did not meet with as much success as in former years. Other collectors are also finding things slow.

Ted Parker of the Royal Bank staff is away on a holiday trip in Calgary and Irvine.

Mrs. Don Haggerty has a very fine display of jewelry and other home made plaques, and in her shop gives the credit of producing the first jewelry case in this district.

The Malden Electric Co. have completed arrangements for the erection of a 40,000 busbar on their site in Bathurst. They already have three cars of lumber on the spot, the contract being awarded to Ross Bros., Calgary.

Mrs. Jack McIntosh is substituting teaching at Red Willow.

J. B. Stuker received a telegram from the mayor of Edmonton, last week asking for candid criticism of the road sidewalks. Personally he has none to offer. We would like some.

WYBANKS NOT PRESSING WHEAT POOL FOR CASH

POOL FOR CASH

Contingency Reports that Citibank and London banks were pressing the U.S. pool and the private government for cash to cover a deficit of \$1 billion in the 1970 grain crop were criticized as "hoaxish" by a London newspaper.

A published report that the "pool" might be asked to pay up to \$1 billion to guarantee and finance the 1970 grain sale was dismissed as "hoaxish" by a London newspaper.

The newspaper's report estimated that a demand of \$1 billion per bushel would inflate \$11 billion. Pool officials commented that the estimate was "too foolish" and that it "does not require an answer."

L. Cuck Chapman, a member of the Pool's trading banks, stated that he did not know of

John Duchen, of Maunabo, said that no additional step by the three was necessary.

The present time rush when selling will under \$1.00, which the amount of the Pool's initial lent to members. Two days ago, all payments on remainder of the crop yet to be delivered by Pool were cut to 25 cents per bushel.

It is known that the amount of a loan to Pool farmers' hands in 1932, the Pool has termed the loan "immigrant." The initial amount cut had the added effect of forcing some farmers who might have sold their surplus to cash in on the market, they failed to sell at the prices were above the market.

Early-sown wheat is reported to be shot-bladed and fall rye has headed two weeks or more. Most places, moisture requirements have been met, though high-water is not plentiful due to drought of one year ago. Hard drifts have been pretty well outgrown. There is a quite pronounced short age in the corn at Manitowish. The hullers record in the preserve done considerable local damage.

Art-weed damage on the whole has been slight. It is stated, and the reason for their activity will soon come. Hay prospects are fair to good and while tame-grass and clover average is below average, the rye is fair. Animals have been well the past month.

BRITAIN MUST ADOPT BETTER TRADE METHODS

BRITAIN MUST ADOPT BETTER TRADE METHODS

London, England. British methods of selling in Canada are severely criticized in the report of the World Field member British trade commission in Canada, which has been made public by the department of external affairs.

The report, which is the first of several of its kind, states that British selling methods, the under pressure

The criticism is endorsed by the Financial Times which says "The plain fact of the matter seems to be that the British have neglected to cultivate the Canadian market by the adoption of efficient methods of salesmanship and have allowed their American rivals to jump their claim. It is no longer possible to sell goods by correspondence, while it is often

difficult to dispose of any large quan-

"The Dominion has already done as much as she can reasonably be expected to do in giving British goods a preference which is estimated to mean a transference from America to British imports of £10,000,000 in trade and naturally Canadians are now leading to Britain to show appreciation of this great help in Empire unity."

U.S. Immigrant Population

Shaped New Census To Show Population of About 132,507,000

Washington, D.C.—A total of about 132,507,000 people—just a few thousand under 133,000,000—probably will be shown as the population of the United States for 1950, when the final count is announced here by Director W. M. Stewart, of the census.

The 1950 population was 108,735,000. Should final figures bear out the calculation, the country would

show a growth of around 17,300,000 people in the ten years.

Registered and Certified Seed

New Registrations — Are We Any At All?
By Royal Watson Page

An Important forward step to promote the commercial production and distribution of registered and certified seeds in Canada has been taken by the Royal Wattle Fair to be held in Toronto, November 19 to 27. A new wheel has been added to the wheel, and the barley, produced by

Canada will reach with a "pushy eye" signalling something a design on the part of the grain grower to establish itself within the same lying before her mainland and the North Pole, P. E. Corbett, dean of the law school at McGill University, and before the interests of politics.

Dan Corbett who addressed the conference on "Problems of Barley" at the McGill University, stated that "Canada claims, all discovered land lying between her

competitors whose growing crops have been inspected in the field under the supervision of U.S. Customs Agents and who have not less than 50 barrels of registered and certified seed grain for sale in a commercial market. The minimum quantity of one-half bushel sample may be taken from the current crop or that of the previous harvest.

By the end of the year, the price for half bushels must come from 50 bushels total of the same quality and must be returned in the form of a check by the recipient importer. It shall be deposited in the account of the importer maintained at the North Pole, and the importer will be required to show that money subsequently be discovered there.

"Where occupation is not yet permitted, the situation calls for particularly principles of territorial politics and possible strategic importance," and possible strategic importance. "The United States has been hardened into rules of international law but they have been argued from time to time as moral and political principles." The United States' appreciation of united bond lands.

"At the present time, the main in-

spears and seals the bugs or other creatures of the main commercial fishery. This means it will be profitable for farmers to graze by simply with official assurance that the bulk will equal salmon. While winning in the past did not mean that the fishery was profitable, it could hand the boat head himself from a large quantity of mixed grain. Over no prices are offered, and the fishery is not profitable. The Maastricht group, Garmet, Rensard, Huron and Alouette. These varieties of fish wheel out and barley up the river. The fishery is not profitable.

Barley may be sown or tinned. The 1880 story for the Royal Winter Fair are November 19 to 27.

Raspberries Told Well

Grows in Wild State From Coast To Coast in Canada

Northwestern experts of the Dominion Bureau of Agriculture are authority for the statement that the raspberry is really the most important fruit grown in Canada, and that it is the most important second to the strawberry. The annual

regions may arise if expected. The raspberry is a native of the mountains but that the "wild" state has hitherto displayed great enthusiasm for such a project and without it it is foolish to think of any other means for its production.

"In the mountains," he said in conclusion, "Canada, which has what may be regarded as a large area of land, is the only country within the next half-century likely to rank of the first-class powers, will be bound to pay attention to the raspberry as the American, standing with a Jewish eye saying 'remembering

roughly 600,000 tons. This does not take into consideration the production from city lots and small farms, which is very considerable in volume. At a production rate of 1,500 quarts per acre it would take at least 1,200 acres to produce the crop and the acreage planned for this use is not planned to increase in close to 2,000 acres. British Columbia is the leading raspberry producer, with Canada second. The raspberry industry in not a commercial crop in New Britain or the Prairie Provinces, but

It is cultivated in a profitable manner in the State of Massachusetts and grows wild from coast to coast and as far north as the delta of the Mackenzie River.

OFF Special Information

University spent about thirteen years working, twenty-three years in bed and nine years amassing himself or being amassed. It is over in the year in which we are living. This last part of the time he wants to consider as one of the greatest waste of life. But, trying to imagine what we would have done if we all had brains, we are not inclined to agree with him. Even if we did all have some time when shoring them isn't any real guarantee that we would be able to do any better ones.—New Outlook.

During the hearing of a case a man, whose chair was placed in the back of the court room, pushing over chairs and generally upsetting things.

"Young man," said the judge, who had a reputation for ironic wit, "you are making a great deal of noise."

"I have lost my seat, your excellency," said the agitated young man.

"Well, well," retorted the judge, "people often lose what suits have caused half as much disturbance."

Outside the court, in England, has a wailing cry.

"Oh, I'm in love with Lady."

WINTERING

When, where, and how the wintering of calves and yearlings is being done in the West.

WINTERING is a term which is used in the West to describe the practice of keeping calves and yearlings in a place where they can be fed and cared for during the winter months. This is usually done in a place where there is a good supply of feed and where the weather is not too severe. The wintering of calves and yearlings is a very important part of the cattle industry in the West, and it is one that is being done more and more every year.

J. Charlsworth headed a car
of horses during the week end.
He reports a good grade of
grain. His combine, with a new
pick-up attachment is "cleaning
up" on the McDonald and Har-
rington farms.Several Bashaw people at-
tended a "royal" party at the
home of Mr. and Mrs. Jack
Trout Monday evening last,
the occasion being Mrs. Trout's
birthday. A most enjoyable
time was spent.Mr. Whitely has installed his
motion picture apparatus in
the E.H.'s hall and will show his
first picture on Saturday eve-
ning, Sept. 6th. The hall will no
doubt be full of that night.
Mr. Whitely is arranging for
some first class shows this
coming winter.

HARVEST THANKSGIVING

Harvest Thanksgiving service was held in the Anglican church on Sunday last. The church was beautifully decorated with fruit grain, flowers, vegetables and colored leaves. The service was conducted by the Rev. W. P. Griffiths and Miss A. Jarvis presided at the organ. There was a good congregation present, the money was kept away by the inclement weather.

The first snow storm of the season arrived yesterday rather later than usual.

ON IMPORTED**

The trans-Atlantic trade by Canadian importers under the section of the new tariff which permits free importation of goods in foreign origin is higher than that of any other country, the Department of National Revenue, it was announced by E. H. Rykman, the minister in charge. Under regulations issued recently, the department will demand from the importer a copy of the invoice and purchase order attached to the invoice and in addition proof of acceptance prior to September 16, the last of the date of the expiration of the new tariff bill was announced in parliament by Premier Bennett as an important measure to bring into the country goods from the United States, so that those who had been on order prior to September 16. The new regulations will attempt to prevent fraud.

The regulations are aimed at scrupulous importers realizing gains of purchase and avoiding over the Mr. Rykman said when assessing the risks. Fear that the full benefit of the recent tariff changes may be lost through such action has been expressed to him by Canadian exporters. The view had been put before him by a few that the large quantities of goods might be dumped into the country that Canadian production might be hampered and that the government was thus defeating the goal of the changes that of relieving unemployment in this country.

The regulations, prescribing a 10 per cent bond for purchase by com-

PROSPECTS FOR GREATER TRADE WITH ANTIPODI

GREATER TRADE WITH ANTIPODES

London, England, The Imperial Conference of the British Empire got down to work and the first to be considered with special attention, which arose from the fact that it is now known as the "Imperial Conference," was equality of status as between Dominions and mother country.

In the background of the constitutional discussion was the episode made by Sir Patrick Abernethy, Irish minister, in a recent affair, who said Mr. Macdonald's recognition of our position as a sovereign state comes before other consideration."

But it was not in the course of scheme that progress was made

It was found that both countries have been free from each other's military aggression since the end of the second world war.

J. A. Charlesworth poundkeeper

So far all the schemes of relief appear to hinge on tax-waivers, putting up for less than the "varnished" will double it. That was once a day in the Sacramento valley. The river rose and rose until the whole valley was swept by a swirling flood. One man was at last driven to take refuge on the ridge board of his house and as he sat and watched the various farm stock and goods go floating by, he saw a very scared Chinaman twirling about in a bathtub. He averted out for the man to save him. Throw a rope called back the safe one. But as the poor chinky's scared face came around again he walked back. "No have got, how can do," as he went swirling down the river. That flut the is the stick. If he have got.

Four persons were killed and one seriously wounded on Wednesday night near Rocky Lake Alta. The alleged murder was captured two days later at Vegreville.

A C.P.R. locomotive crashed into a street car on Wednesday evening at Whyte Ave. Edmonton, injuring two persons.

Unlike most territories and investigations the popularity of miniature golf is not on the wane. Instead the Dept. of Trade and Commerce through the Associated Merchants Association at Winnipeg states that there are over forty outdoor courses in Winnipeg at present, ranging from the inexpensive type on the corner lot to the "championship" course consisting of green fairways, extra hard hazards, and with wicker chairs and sun-shades on the sidewalk for the convenience of onlookers. Admission prices range from 10c to 50c. In view of the fact that the summer season is quite short in this territory, several enterprising individuals are said to have decided to open indoor courses for the amusement of patrons during the winter. To date three stores situated in the heart of Winnipeg, which have been vacant for some time, have been taken for this purpose.

LOCAL & PERSONAL NEWS

Big preparations are on hand for the W. H. Hallowell's sale next Friday. Everybody comes.

The first auction sale of the season was held at the home of Mrs. H. Cook on Saturday last by J. K. Whitney. A record crowd attended and the bids were spirited. Knives and pens were made on the table, the one or two articles failed to reach the reserve and were withdrawn.

Mr. and Mrs. Donaldson left last Wednesday for California where they will spend the winter visiting relatives.

Mrs. Crawford is having a new barn built. Gus Himes is in charge of the work.

The Rev. W. E. Shober held very well attended Harvest Home service at Rockwell Bay last Sunday morning. The school was appropriately and tastefully decorated.

Mr. and Mrs. H. Graves, who have been visiting Mr. and Mrs. W. H. Himes left on Tuesday for their home in Winnipeg.

Mr. Planchon and Laurie moved back last Monday into the house recently occupied by Mrs. H. Cook.

We are glad to report that Arnold Reed of Hanna, brother of Leif, here, is recovering from his accident which occurred last summer.

Mr. F. Hemmings was a visitor in Calgary last week.

In the absence of Charlie Wong we omitted to mention that a floral wreath was sent from the school primary course.

The local W.I. will serve Walworth's tea in the Red Room on Saturday next.

Born to Mr. and Mrs. Thompson, Saturday, Oct. 26, 1933.

We are sorry to learn that Mrs. Blomke has been taken ill.

The Women's Institute are holding a surprise dance in the E.D.'s hall on Wednesday night, Friday, Oct. 31st.

London, England. The Times recently discussed appointment of general-general one of the matters which has received consideration at Imperial Conference, and concluded that one of the few remaining vital links binding the Emperor and his generals or at least warlords, if generals-general were to become merely members of the planning governments in the dominions, was the Imperial Conference.

It is not easy to see how such a member could adequately discharge his function of the office as set forth in the report of the 1936 Imperial Conference," the Times said.

in the apparent impression in the dominions that the governor-general is merely a lay figure. If governor-general is to represent Majesty adequately, then His

be real and not merely nominal. This is all the more necessary since the governor-general is not exclusively the representative of the majority.

At the same time it does not follow that a dominion government should surrender the vote in elections which they have had for a good many years."

Concerning the duration on which a governor-general should retain the dominion in which he holds highest office, the Times said not only why any rise should be ruled out from the area of choice.

Other things being equal a governor-general would find it easier to charge his duties if he came from other parts of the Empire, free from local attachments and prejudices. On any matter, concluded the review, is one for Imperial consultation.

A \$1 Million Dollars Are Appropriated For This Purpose

Glenn, Cal. - Transfer of \$1,000,000 to the grade crossing employment fund to the grade crossing fund has been authorized by order-in-council. The latter fund is administered by Railway Commission. The transfer is made by the government with view to assisting in projects for grade crossing safety during the summer of a time when employment urgently needed.

The government makes a regular contribution to the grade crossing fund, but the amount transferred is in addition to that annual

A NEW FARM POLICY PROPOSED BY GOVERNMENT

Toronto, Ont. A Dominion agricultural policy is proclaimed by Hon. Robert Warr, Dominion Minister of Agriculture (in the presence of the

1. The minister concentrated important policies, adopted after three days' deliberation of the provincial minister of agriculture and is to known as a "national agricultural policy."

Declaring that at the present period of depression new and drastic steps in the right direction should be taken, and basing on the necessity of co-operation throughout agricultural "Canada, the minister introduced four measures designed to remedy the situation and bolster "Canada's chief industry." They are:

1. The introduction of better blood in herds.

2. The scientific use of home-grown products for feed feeding purposes.

4. The prevention of insanitary and spread of poultry diseases.

"It has been agreed that the provincial departments of agriculture and all the machinery at their service, will transmit and interpret to the farmers of Canada every possible advance or policy which the Dominion Department of Agriculture, after consideration and confirmation, will consider beneficial to the farming population as a whole. This, of course, with the least pos-

Decreases in the cost of production and scientific production that in the production of market requirements—were two fundamental principles that had not been lost since

The minister made a brief analysis of his four major propositions. Considering the difficulty the average farmer experiences in procuring first class seed, whereby he might improve the blood of his cattle and the general usefulness of his stock, Mr. Weir undertook to supply free of cost to any group of cooperative and deserving farmers a sire to be used during a period of two years. The he thought, would eliminate expense and a useless waste of time and energy and encourage one of the more necessary and wholesome steps in the raising of profitable and sound stock.

crises in pork production during the next few years. This he did not foresee, but felt that because of the inevitable trend, steps should be taken to direct that increased production

In his opinion this would be best done by supplying farmers with buyers of the fine bacon type at cost and at half transportation price. This would eventually mean that the right quality of bacon could be procured for home consumption and exportation with substantial reimbursement for the farmer.

quality of linen could be produced for home consumption and export, then with substantial remuneration for the farmer.

Britain Keeping Ahead

Britain has now paid on the war account to the United States \$1,000,000,000 more than she has received from German reparations and war debt payments from her former allies. This statement was made in the House of Commons by W. Pethick-Lawrence, Financial Secretary of the Treasury, in reply to questions of a Labor member. His figure is almost \$1,000,000,000 above the figure given by the Labor member. Pethick-Lawrence, if the United States had not made any payment on past payments and reparations taken into account.

CANADIAN NATIONAL

COMMUNICATION

To the Editor

Dear Sir:

As I was the sender of the letters in which your correspondent refers to your last issue, may I be permitted a short reply?

Your correspondent says: "I dare say Canada has 100% enforcement" and that in face of the fact that during the Government's year 1934-35, 1,186 convictions for bootlegging were made. "Where is your '100%' anything we like, some people, do-but the Government's figures tell their own story, and it is a different one. These convictions mean that nearly three times as many people were caught selling booze illegally as in the same period under prohibition. Surely no person would expect us to take seriously a talk of 100 per cent enforcement in the face of this!"

He also says of liquor: "It does me no harm." It will if he is a scientist. The first body of scientists living will tell him that. The British Medical Research Council says: "It blunts these higher mental faculties which lead us to look before we leap." It is, in short, from FIRST TO LAST A NARCOTIC.

And again: "It is a really interferes with the normal bodily functions that it endangers life-it is a poison." If I want to use any other kind narcotic poison or drug recklessly, or to destroy peace the law rightly interferes. Personal liberty exists only up to the point where my actions do not produce danger or anything objectionable to others. Dealing generously leads to some such results. When the law tells me that I must not take any other kind of narcotic poison which should it not tell me that I must not take this narcotic poison known as Alcoholic drink?

Could he explain how we will have more trouble from alcoholism by straight Government Liquor Control without the bar rooms where we had no money to go before bar rooms closed and we were under Prohibition?

Thanking you, Mr. Editor, for your valuable space.

W. E. Fisher.

Vice President A.P.A.

CO-OPERATION
 IS THE ESSENCE OF SUCCESS!
 It matters not what the problem is or where it arises, most of them can be solved. Whether it is to build a business plan—or a career plan—or a retirement plan—or just for the ordinary business purpose, co-operation is necessary. The merchant should start the ball rolling by advertising and the customers will do the rest by purchasing from

F. R. Feltman, Liberal, Althabara, in a maiden speech of the week, advised the rich recovery of his own section of the province and expressed disappointment that the speech from the throne had not indicated any definite plan for developing those resources.

Perhaps the strongest backing the government got during the debate was that of W. H. Bell, M.P. MacLeod who urged the government to step in and prevent any wholesale alienation of assets because of the industrial situation of agriculture.

The member for MacLeod dealt at length with matters concerning the Lethbridge Irrigation project and defended the government from making a concession to deal with it. He declared that the Wilson report resulting from that project had put the province in the forefront of irrigation development and that any consideration of the plans that had been met should be considered on a grand scale.

He said that from 1904 to 1910 the grand utilization in the district was raised from 40,000 acres to 50,000 acres and that the net increase in value from irrigation was \$2,477,000. It is from the Alberta irrigation project that the government has recovered the cost of the irrigation project on the shoulders of the farmers.

the status of the province and as legislative counsel for the province. In reply to the question of W. R. Thomson, Liberal, Edmonton, the attorney general said that between December 27, 1917 and October 21, 1920 \$71,583 had been paid Dr. Scott in the form of salary and other remuneration from the government.

Some other matters that have a direct appeal to the agricultural section of the electorate and which came up in the discussion of the "law of the house" during the week included a motion introduced by J. M. Thompson on the subject of the mortgage interest limit.

The member for St. Paul stressed the point that it was not necessary to mortgage to apply in several times, but only an emergency measure. His motion read: "Resolved, that the government should be authorized to take from farmers by 1924 to 1925 a grand utilization in the district was raised from 40,000 acres to 50,000 acres and that the net increase in value from irrigation was \$2,477,000. It is from the Alberta irrigation project that the government has recovered the cost of the irrigation project on the shoulders of the farmers."

The government had done right in considering the law of the house. Some interesting information was obtained from the attorney general, Mr. F. Thomson, in a question on the subject of the remuneration paid to Dr. Wilson that he had said: "During

Oliver. That Although the number of persons employed by Canadian firms reporting to the government at the beginning of February was less than at the same date in the preceding three years it was greater than any earlier year since 1921. It was also the highest since the Canadian Bureau of Statistics from 1911 to 1920. There were 24,000 persons on February 1, as compared with 912,000 on

The Bureau reports that unemployment was shown in the employment returns received from manufacturing firms, especially those engaged in the textile and the iron and steel industries. Improvement was shown in railway construction and in shipping and stevedoring. On the other hand appreciable declines were noted in highway and building construction, in laquer mixing and drying. These contradictions, it is noted, were, in many cases, of a seasonal character.

MOST of the programme features of today begin by working
for some one else.

Spurred on by the desire to own their own farm, they put
their money in the bank month by month, and mean by reason,
until they could pay for land of their own.

If you, too, are working for another man and want a farm of
your own, your course is clear—put your money in the bank.

Yonist Traffic: Slighly

Ottawa, Ont.—Despite falling from 1989's record traffic still is a decidedly positive source in Canada. Figures for 1990, issued by the Dominion Bureau of Statistics, place the value of traffic at \$206,008,000. This is a 14% increase from the \$180,000,000 figure in the face of a 1990 economic depression, was no 600,000 less than 1989.

ALBERTA WILL APPEAL DECISION ON FRAUDS ACT

Ottawa, Ont. Alberta, supported by Ontario, will carry to the Privy Council an appeal against the decision of the Supreme Court of Alberta holding the Alberta Fraud Securities Act ultra vires in part. Intimation to this effect was made here by Premier J. E. Brownlee, of Alberta, and Hon. W. S. Price, attorney-general, of

Legislation in question was enacted by the Alberta legislature following the meeting of attorneys-general of the various provinces, convened in Toronto, more than a year ago at the instance of Attorney-General Prior to consider steps to prevent defrauding of the public.

provinces to the Dominion Government
not wishing to have the Federal
Companies Act amended so as to give
the provinces the same control over
stock sold in companies holding
Dominion charters as they have in
respect to stock sold in companies in-
corporated under provincial laws.
Consideration to the representations
of the provinces was promised.

Study West's Needs

Would Appoint Commission To Investigate Conditions In Western Canada

Winnipeg, Man.—Observations of the legislature, opposed to a government-sponsored resolution that would request the Dominion to pay wheat prices, announced an amendment

would be placed before the House adding for appointment of a commission to make a study of the West's economic needs. John T. Hoag, Conservative member for Winnipeg, said his resolution was a declaration of policy for his party. It urges the legislature to recommend to the Dominion Government "that a commission should be established, now for the Western reconstruction in the West."

these provinces, to investigate as speedily as possible conditions in Western Canada, with particular reference to the cost of production of farm products."

Freight rates paid to western consumers of goods purchased by them; interest rates on loans and debt adjustment would also be points of consideration.

BANKER STATES NO DESIRE TO RESTRICT CRED

Montreal. The banks demand that there has been no general withholding of credit and that there are no delays, as in the past, resulting from demands from their Western farmer clients and grating against which appears justified, that is, that the banks will place the proposal of loans in properly upon the basis of a fair prospect of revenue interest and which may be repaid within a reasonable time."—The London, president of the "Canadian Farmers' Association and general manager of the Banque Canadienne d'Occident," who has been interviewed recently.

Interest rates charged were

When expenses incurred in the business are not deductible, Mr. Loomis said, the taxpayer is inspired by compulsion to make history in and out of court, but that banks had closed down on failures loans or were charging exorbitant interest rates where loans were shunned.

No far so loans were concessive he pointed out that banks' power did not permit their participation to become "total parties" to business, but that the Art Union loans, operations and rightly so, money loaned was not bank or money but the savings of depositors. Loans were available where loans and repayment in a reasonable time were apparent, Mr. Loomis said, and that these were governed by business ideas in the West Union

Mr. Lomax depressed statements making it appear that the major portion of Western farmers were in a "want or helplessly in debt. The he could not let such statements go unchallenged. There were thousands of farmers in Western Canada who were debt-free and not borrowing. Amongst those who borrowed he said small percentage had assumed the obligation which placed them in a precarious position, he said. "Credit will not be attracted to the West during conditions as bad as the present," he added.

The towns would be glad to receive

complaints of delinquent loans in which credit was held up. Only in this could an error in judgment on part of any local manager be rectified, Mr. Leman said.

"Instead of visiting complaints and reprisals as appears to be feared, banks will always welcome communications which would enable them to rectify any such error or to expurgate the reasons for their action not entertaining credit applications be added.

As indicated by returns from bank very strongly entrenched in prairie, loans to farmers by bank at the end of December, 1930 exceeded similar loans at the end of 1929, by 14% per cent, Leman said. If a similar situation

of all other hanks, the combined suit would probably not differ materially from the suit, he added.

Seventy-six per cent. of the throughout the Prairie Provinces is a rate of seven per cent. or less, he continued, while 20 per cent. of hanks here from seven to eight mil.

tion, many flour millers in France, Switzerland and Germany have changed to mill Argentine wheat.

This year the millers were reluctant to change machinery and many have applied "very drastic" to their own agricultural growers. Others ordered a hard quota of wheat and stockpiled it, but have applied "very drastic" to their own agricultural growers.

"Reorganizing these countries to discontinue the wheat millers," continued Mr. Hays, "is a very difficult task. Other parts of the world will take time, it will take time, it will take time. We have made some progress in the last year, but it is still a long road."

Later on Mr. Hays said that in Western Canada grain trade in Western Canada is better. The Canadian wheat is strong. He hoped that the Government be actively satisfied.

A steel strengthening campaign of writing short paragraphs on the words a minute and who was operating at 60 words a minute has just been appointed to a clerkship in Washington, the headquarters of all British Government departments. This is Violet Harper, and she will perform work similar to her last highly-esteemed position.

While overseas visits of the British government's highest officials, the service now costs £200,000 a month, these undergrounds total £2,000,000 a year.

Valuable Contributions Made To The World By The Dominion In Comparatively Recent Times

Hay Market Is Bright

Optimistic View Is Taken Of Situation For Present Year

The eleventh annual live stock market and meat trade review of the Dominion Live Stock Market takes at

A compilation has been made by a Canadian newspaper of some of the contributions to world progress made by the Dominion in comparatively recent years and the following are noted:

Canada's built and demonstrated the

optimistic view of the bug market for the current year.

With the start of 1980, the service observes, bugs claimed most of the thought during the year and the service is not sure of the "performer." The revenue from the service is not sure of the previous year because the industry is not sure of the market.

The service is not sure of the market for the year 1981 is more likely the increase in production which is pending should be the market for the year 1981, providing of course that the service is taken to have the revenue from the market to be used in the job properly.

But the world's first electric atom designed Marjorie and other more recent designs of the service are the summer of the West Coast in "Snoke and Tom's State.

During the calendar year 1958, a total of 364,326 bags were sold in Canada's four "major" Winnipeg hogs (the hog with a total number of 242,000 bags).

During the past year a higher percentage of hogs marketed outside the United States was sold at any time during the past five years.

Shirley—Three Per Cent Increase Over
 Production of crummary boiler at Schulzchen, during April, showed a 30 per cent increase over the cost put for the corresponding month of 1939 and lowered the percentage increase for the year to date, to 41.3 per cent.

During April, 1939, production

recorded in the dry branch of the Sahakharwan (Department of Agriculture, reported a total of 1,263,176 pounds of cotton lint and 708,360 pounds in April 1930, an increase of 656,636 pounds, or 50.1 per cent.

The increase was most marked in the northern section of the province, where the yield was 1,263,176 lb. per acre, over the April, 1930, figure. In the central section, the increase was 90 per cent, and in the southern

The first January 1 to April 30, 1951, the total aggregated 2,381,360 pounds as compared with 2,558,360 pounds for the corresponding period of last year, the gain of 1,767,117 pounds, representing a percentage increase of 61.5.

As an instance of the unresponsiveness of the average top man, Lord Simcoe-Purcell was told the story of a certain pair of who had been engaged the wheels of one morning to leaving the art of bridge-building.

For an hour or so they had trundled on their way, and then the man engaged elsewhere that before they were dismissed he must have to report.

"Why, this affair would collapse in ten days' time!" he exclaimed in surprise, indicating where the boats on one side were laid tragically.

"That's all right," they replied for he, who had made the basin. "This layout is designed for the use of the company."

During The Water Shortage in Britain.

The outbreak in British Columbia, however, has created a serious shortage of water in some parts of the interior of British Columbia, according to reports received by the government.

To replace this damage and make sure that every house in the area has to be supplied with water, the government will keep large numbers of water in the Western Lake country, east

Miss Amber who has been working at the Bank of Montreal here for the past two years left last week for her home in Edmonton. V. Harney has been transferred to Calgary which should please him owing to his closer proximity to Lethbridge.

Dr. Watson and Hume are leaving their final visit here this week.

Mrs. Chas. Brown spent several days in Edmonton last week and returned home Saturday night with J. A. who has been undergoing treatment in hospital there.

Miss Mabel Wilson who has been attending school at Edmonton, visited her parents Mr. and Mrs. John Wilson.

We are glad to hear that Mrs. Martin Sprague was sufficiently recovered to return home from Camrose hospital last week.

We hear that there was a big rush to the golf course on Sunday morning.

Mrs. Enoch spent a few days in Edmonton last week.

There seems to be an increased demand for bolts for doors lately. We wonder why?

Miss Barbara Burns of Edmonton spent the week at the Democrat home.

Quite a few local people took in the Camrose sports Monday.

Work on the basement of the Dominion house commenced last week, while Eldred Winter's well drilling outfit also moved in at the same time and is busy doing its job.

Alvin Egan of the Royal Bank staff was transferred to Edmonton last Thursday, but so great are the attractions of Bashaw that he returned on Saturday evening and spent the week end here.

We have it on good authority that Jerry Fink, lately of the Royal Bank staff here, was married in Calgary recently to Miss McDonald of that city. Their many friends will wish them every happiness.

At Last! The Truth About

PIMPLES

Pimples, acne and blackheads are caused by a disorder, disordered system, by those harmful acids and poisons which make your skin less apt.

If you want healthy skin and yourself of that ugly, blemished complexion and to acquire beautiful, smooth and soft skin for all time, **even** applying the **best** chemicals—super daily health—take **Kneaser's** Buds.

Kneaser's Buds are a perfect blend

plants, it fed and holed mussels caught to receive them food if they're to taste properly—but it's simply impossible to obtain those mussels in those days of summer cooking!

Therefore take *Kanabosin Salix* in the place of hot water every morning before breakfast, this quickly pays back these precious minerals, into your system—and drives out harmful acids and poisons, restores your stomach and cleanses your liver, kidney and health.

Little Helps For This Week

And the angel said unto them,
Fear not; for, behold, I bring you
good tidings of great joy, which shall
come to all people. For unto you
is born this day in the city of David a
saviour, which is Christ the Lord."--
Luke II, 10, 11

And clear today as long ago,
The angel chosen voice still,
Above the clouds and the throng
Of human passion, human will,
"Glad-will and peace, peace and
good-will"

through eighteen hundred story
years,
The year never ring and will not

It is we who really persevere in our endeavors and in our prayers, we may be sure that He who was on this day born into the world, the Saviour of sinners, and who grew up as a tender plant in a dry ground, will cause the dry ground of our hearts to become fruitful, and the seed of grace to spring up, first the blade, then the ear, then the full ears in

Miss Edna Peterson is returning to the telephone office, during the absence of Miss Martin.

The Local Order of Moose have been making plans for a big picnic at the Bashaw on July 28th.

Work on the basement of the Donaldson house is practically done, and the home is being moved over this week.

We regret to hear that Mrs. Roland Edger (nee Janssen) has seriously ill in the Bashaw hospital.

Mr. Eucan, Assistant Town Planner for the Provincial Government was a Bashaw visitor last Wednesday.

M. E. Moore, Public Manager for the Alberta Govt. Telephone was here last Thursday and Friday.

We are glad to report that Miss Gladys Horton, who underwent an operation in Calgary General hospital on July 15th is making good progress.

We hear that the volume of work which fell here in the last 10 days equals the total volume of the year last year. Anyway lots of claims believe it and we haven't the best check but they're right.

Next Wednesday, July 1st is a Dominion holiday and the stores and other business places will be closed all day.

Examinations are the order of the day in all local schools. The older children look especially worried these days but the end is in sight, and next week will bring welcome relief to teachers and pupils, and lots of extra work for mother.

The Bashaw Garage & Service Station Ltd. are having a used car sale commencing on June 28th and lasting five days.

The congregation of the Anglican Church waited patiently last Sunday morning for their minister and then half a dozen of them, guessing where he was, went out to find him. He was right, he was stuck tight in a mud hole near the church. They got him out and he was back. We hear that of all the places in local roads that is the most he is avoided.

the women's weekly conference at Bhabhane. It was declared that the working of the census declaration was a boon to the women. They work on the farms from daylight to dark and now they are described as persons of "no occupation." It was felt women, in many cases, were responsible for keeping the family going. The women of the village of Bhabhane are well known for their work. The government of Maharashtra has been of inestimable value; in addition, however, the hydro-electricity has afforded such profitable employment to rural and to women. It is estimated that a sum approaching Rs 200,000,000 has been invested in the industry of this country.

Wheat Pooling

Alberta Wheat Pool Members may pool any portion of their wheat or may sell any portion at current market prices. The wheat is left with the individual.

Alberta Wheat Pool Members are operated under a public license and will handle any grade on an open market basis.

If a non-pool grower desires to pool all or any portion of his wheat he will be required to sign a Pool contract. This contract does not require him to deliver all or any part of his wheat on pool to us. Its purpose is to lay down regulations under which the wheat is to be pooled.

SEE THAT YOUR WHEAT IS DELIVERED TO AN ALBERTA POOL ELEVATOR

PREMIER BROWNLEE'S STATEMENT:

"A complete cut-off has been made from previous year's operations and a net loss occurred, as between the Pool and the Provincial Government and the banks. Members of the Pool and farmers generally desiring to do so may, therefore, withdraw the Pool elevator facilities with complete assurance that their grade will be dealt with as a separate crop and without in any way being liable for any debts or obligations of past years."

Cigarette smokers and bathing suits, fishing tackle and small cars and small-scale manufacturers, for instance, report to the Department of Commerce that this year's cigarette profits are the highest since the 1960s. The government was expecting to reach this in the history.

Wages for cigarette manufacturers increased because the country is trying to be more competitive.

Corrosion Problem in Turner Valve on Gulf Coast Well Averted

By F. Fisher, the Gulf oil expert who has been engaged by the Alberta Government to enquire into the corrosive problem in the Turner valve oil and gas fields, is now well along in the preliminary phase of his, making a thorough survey of the situation.

NEW GRAIN PORT

Thurhill, Man. Built on the lakeshore in Manitoba's north coast, Thurhill's ultra modern harbour development was the subject of an Ottawa delegation headed by Hon. R. Manion, Minister of Railways and Public Works, cabinet ministers, and Robert Wex Minister of Agriculture and Hon. T. G. Murphy Minister of the Interior, were in the city making a rapid-fire survey of new hard grain port.

Emphasis on the ability of Canada's furthest north grain harbours to handle any business which may develop the hay route was expressed by Manion. Before leaving for the

the Government to carry the management of the shipping companies. It was decided that the Government should have full authority to issue any necessary regulations and to make any necessary amendments to the existing laws. The Government is currently in the process of drafting a new law to regulate the shipping industry, and it is expected that this law will be passed by the Parliament in the near future.

YOUR AMMUNITION

In the 4th Alberta Pool Elevators grain growers have the most effective fighting unit in the province.

There is no more unanswerable way of procuring to all Canada the western farmers' determination to stand together and fight their way out of their present difficulties than by delivery of bullets, wagon loads and car loads of grain to Alberta Pool Elevators.

Success depends on delivery of grain, above all else. Grain is your only ammunition.

WORLD NEWS.

D. W. Morrow, U.S. senator, of Mrs. Clara Lindbergh died on Monday.

A general 34-hour strike in England began by the Miss Workers of Canada in protest of the slaying of the miners which took place in Eastern England.

The business section of Bolivia 34 hrs north end of Edmonton was swept by fire early on Sunday morning, causing a loss of between \$25,000 and \$30,000. A riot which resulted in three deaths and many wounded, ended on Tuesday night, when a parade of striking miners was intercepted by the police. The leaders who it is thought are responsible for the demonstration are being sought.

The world series games which opened last Thursday in St. Louis are commanding the usual keen interest of baseball fans here. The St. Louis Cardinals seem to be gaining most of the glory, though they had a bit of the worst of it in the commencement of the series.

It is thought that a general election will take place in Britain the end of this month. There seems to be considerable opposition between Conservative and Liberal ranks with reference to tariffs.

A new law in the Province of Quebec is being issued from the Postal Dept. at Ottawa.

J. E. Cassidy, known as the 'old' was freed from charges laid against him in connection with the murder of Edward Manning.

Mr. Thomas Lynton, noted British sportsman passed away on Friday at the age of 64, after a short illness.

A statement at Edmonton has been found guilty of killing his partner with a pair of guns.

The sentence on a man for kidnapping his wife in Vancouver, on Saturday the sentence was increased by three years resulting in heavy fines.

1930 bull's eye is to be displayed at Watervliet this fall and winter.

The population of Edmonton is now the 30,000 mark second only to the great cities of 400,000 and more.

Only rats have been the cause of a great deal of rioting and looting in Chicago recently.

Others predict that the worst of the financial difficulties are over. No doubt anyone is hoping so.

It is predicted in Alberta's inhibition against in Edmonton Monday of this week.

ry has produced a good clean crop which has been dependant on the weather. In the early part of the season the drought was severe in the spring of 1931 then in 1932, but now the crop on the new experimental farm. This may have been due to the kind of tillage, or the previous year's crop which is a one-way deal figured prominently.

Foreign crops have been introduced on a small scale, and include alfalfa, sweet clover, and western rye grass. Five stands of these have been established and will provide forage and pasture for the livestock which is being gradually introduced.

In addition to the tillage methods using different crops and crop rotations are being tested and it is expected a great deal of useful information will be secured.

In addition to the above, there were

by different chemicals. This involves the production of a variety of different chemical woods either growing in isolation or in a crop or growing in a forest. The main aim is the control of woods either those plants which should be a greater part of the forest in progress than have been made until now. The aim is to produce a new kind of wood in a natural way by using the same chemical processes as those which are used in the forest. The aim is to produce a new kind of wood which will be used in the forest before natural chemicals are used.

Faith in the Future

—**Proctor Bennett** has message of hope for Moslems following Toronto, Ont. With ringing utterances of faith and confidence in the future, Proctor R. B. Bennett declares

ed. "What is the trouble with the world? The mad orgy of extravagance, reckless expenditure, thoughtless and honestly virtuous thing that should be the motto of our lives—all these things have brought us to this pass."

How could present difficulties be stemmed? Premier Bennett continued. Some people have said that we must and they must do it. Others limited to churches and said they must do it. "But each one is only a part," he said. "The only way to be saved will be one way only—by us, our ourselves, and by no one else. It is to stand the individual and to do that will deliver the time."

Alfonso Larrera, of Spain, president of the council, said prior to adjournment that he had hoped to report some solution of the Chinese-Japanese conflict in Manchuria. Despite the council's general efforts, he said, the good had not yet been achieved.

The council reacted on Japan's declaration that she has no territorial ambitions in Manchuria and her aim is withdraw troops as quickly as possible, he said, adding that the good will have parties to direct government for a settlement would continue to be sought.

Members of the council were assured that the council would continue to work for a settlement. The council will adjourn by noon.

With no pool in the movement of the cattle feed the export in Canada, Canada, this policy allows a reduction of 50 per cent in normal freight rates on cattle shipped from the United States to Canada. The railroad for export from the United States purchased in western cattle three purchased in western Canada. The cattle are shipped to the market in operation until December 30, 1901.

The problems had become so poor when, approximately, seven months ago, and while they were away the Chinese fell back into their old habit of eating all the best, and aim of allowing the new variety to become mixed with the down-of-older type of potato.

In the three years' famine since 1929, one of the worst famines the world has ever known, almost half the population of Kanan, and also of the Province of Kanan, died of starvation and fever. But where the Green Mountains potato was cultivated the larger part of the population has been alive is evident. It has been estimated that the Province of Kanan has been saved by eating these potatoes.

While vice president of the Bank of Commerce in an interview with the Toronto Telegram, Sir Thomas declared: "I do not believe the world is so far from breaking the deadlock in credit due to fear and distrust, which has been throttling the internal and external trade and banking of the United States."

There is a close analogy between President Hoover's proposal and the recent action of the British Government in suspending the gold standard. Sir Thomas observed: "The gold standard is upon the surface," Sir Thomas continued, "it should assist materially in settling America's gold problem."

As Thomas said the proposed measure is essentially the same as that taken by Canada at the outbreak of the war. The Dominion treasury announced that it stood prepared to loan freely to the banks at a prescribed rate of interest.

EN reasonable rates of interest upon approval securities of all kinds, to enable the banks to continue to loan to their customers as in normal times," he said.

As well as restoring confidence in the United States, the president's measure should fit Thomas said, by relieving the banking community from apprehension as to liquidity, enable them to resume their function of furnishing credit to American trade, industry and agriculture, "subject of course to the observance of sound banking principles."

he held. "Any revival of trade in the United States should lead to demand for our products. Release of credit also should tend to make borrowing conditions on New York more favorable to Canadian governments and municipalities always provided," Sir Thomas warned, "that such governments and municipalities show that they are retrenching expenditures and taking active steps to present

sound budgetary statements. To such governments and municipalities and all other corporations whose credit is sound, the prospect of refunding issues payable in New York should be much more favourable by reason of the president's proposal."

Death of Mrs. Read
 The death of Mrs. Read, who died on Monday, Oct. 2nd, of this city, was a great loss to the community. She was a devoted wife and mother, and her death was a great blow to her family.

Here and There
 Although James seemed to be in the best of health, he was not. He had been suffering from a long illness, and his health was not what it once was. He was a devoted husband and father, and his death was a great loss to his family.

CLEANING, PRESSING and REPAIRING

Several members of the local Eastern Star lodge journeyed to Stettin on Monday of last week to attend a lodge meeting.

Hans Warr, who was taken to the Cannon hospital last week, is making a wonderful recovery and may be well enough to return home in a week or ten days.

Mrs. Jean Hall and children who have been visiting in Bashaw for the past month with Mrs. Hall's sister-in-law, Mrs. Frank Hoenig, left on Saturday for their home in Miram, where Mr. Hall works on the railway.

Mr. Smith, principal of the A.H. high school and Mr. and Mrs. T. V. Greenwood and family of Lonsdale were visitors at the Dr. Raper home, Sunday.

Alec Sharkey, who has been working west of town, got a letter in his wrist broken in a Sunday.

Mrs. Fred Shand underwent an operation here on Monday last. Mrs. Preston Sharpe was taken sick again last week and removed to Cannon hospital on Sunday.

Don't forget the Masquerade dance this Friday, the 30th.

Dressed Poultry-NOTE: Mr. D. G. Clyde, [B. Weinberg & Co.] will buy Turkeys Ducks, Geese, Chickens, (dressed) at our store FRIDAY & SAT., Dec. 4th & 5th

Old man who arrived on Saturday, Friday morning, and during the day and on Friday night when the thermometer was down to zero by 10 o'clock made a visit to the hotel that he was to stay.

Work on the village station is progressing rapidly and the old man, Mr. J. J. Wain, who is in charge here, says the station will be ready by the end of the week. Buses will be running on the line by the end of the week.

A big crowd turned out to the Armistice observance on the 11th of November in the hall on Wednesday last. The hall was lavishly and appropriately decorated, the floor was carpeted, and the walls were hung with flags. The program was well planned with the guests.

Manoosh Brown, Toronto, from Government bonded stock and the old man, Mr. J. J. Wain, who is in charge here, says the station will be ready by the end of the week. Buses will be running on the line by the end of the week.

It is reported that the blacksmith at Fortinault attempted to commit suicide on Sunday.

Mrs Eddy left for Edmonton last Sunday week to attend the funeral of her brother-in-law.

CANADA'S CHALLENGE

We've passed depression which has left Canada with over \$200,000,000 more who are suffering in the drought stricken areas of the world than we have a national challenge for all loyal Canadians to meet. We have had to face since the Great War. The situation challenges us to meet our own challenge. The writer has been informed that in the dried-out areas in some cases even professional men such as doctors and lawyers are taking relief in order that they might be able to carry on their work of looking after the health of our fellow-citizens.

Local News

Mrs. A. A. Lyle of the Bible Society expects to be in Bashaw next Monday. Her visit will be to inspect the work of the Society which is doing a great work in all kinds. The Society is a non-sectarian and we hope that everyone will avail themselves of the opportunity to hear Mr. Lyle's message.

The St. Peter's Guild held a very successful tea and dance on Saturday afternoon in the new room, and was very well pleased with the results.

Don't forget the big dance in the Elks' hall this Friday, under the auspices of the Ladies' Aid. Tickets suitably low. A large number of money to cash prizes in connection with the dance, are taking a ready sale.

The Ladies' Aid will hold their tea and sale of home cooking on Saturday, Dec. 8th, in the hall. The program is being planned by the committee and will be a most successful one.

Mrs. Trout was in Bashaw visiting with her son, J. E. and Mrs. Trout expects to leave for Edmonton and return to Calgary, Sask.

Mr. Mark Hamilton is doing nicely after his operation in the Lakeside hospital.

Mr. Mark Hamilton was taken to the Lakeside hospital on Saturday, Dec. 2nd, for an operation on his leg. The operation was successful and he is now recovering nicely.

Mrs. Carl Kuhn and Mrs. Gen. Dye will have on Thursday for the Ladies' Aid at Yarmouth, Ontario. They are expected to return on Friday.

DUCK SHOT HERE WAS RAISED IN KANSAS

In reply to notification that the duck shot here was raised in Kansas by Gus M. Schultz we have been advised by the U.S. Bureau of Land and Survey, Washington, that this particular duck was shot on the 1st of November, 1934, by F. W. Hall on February 17th, 1930. This handling is conducted by U.S. and Canadian Departments with the object of obtaining information regarding migratory waterfowl.

ATYRANCIA N.P. KILLED BY ACCIDENT

The tragic death on Friday evening marked the demise of a widely known and popular figure in political circles in the person of J. F. Buckley, 47, of Alhambra, Calif. The car in which Mr. Buckley was riding at the time of the accident was seen to pass a wagon just outside the town of St. Paul when the motorist failed to give way to the wagon. The wagon was struck and Mr. Buckley on the head, which resulted in his death. The driver of the car, a veterinarian, died on Friday when Mr. Buckley was seriously injured.

In a letter sent to every division of the employees the general chairman asked them to decide if a local ballot should be undertaken. Each district was requested to send its reply to the chairman of the conference not later than December 15.

What the next step will be remains for the future. Strong efforts to resolve the dispute will be put forward. Officials of Ottawa expressed hope that some means might be devised of getting the affected parties together and bringing out the difficulties.

A gentleman before Wells and Mendonsett settled the destiny of Canada by the name of Abraham, a French gentleman of Montreal imported into the country a number of slaves from the West Indies. It was about the year 1770, and by many years was the guide of early Montreal. The slave vanished with the passing of time, and eventually came to be forgotten by the people of Montreal. The gentleman of Montreal, the possessor of this C. B. Barry Programme, of Annapolis, Sweden, Sweden, in view of his early association, presented it to Mr. E. W. St. Lawrence and President of the Canadian Pacific Railway. It is now in the possession of the Art Association of Montreal.

A Christmas Message

CHRISTMAS! The season we celebrate in the spirit of goodwill and the spreading of cheer. That first night when the heavenly messengers appearing to the shepherds on the Jordan hills announced it to the world, they proclaimed it as a joyful greeting to all who believe in the gift of life.

Goodwill means it is to bring "Peace on Earth, Goodwill to men." And the heart of every man and every child and every creature has responded to the spirit of that sublime story.

We celebrate the day of his birth the spirit of man, the spirit of the world, the spirit of the universe.

The memory of an old friend who had a most beautiful (spiritual) Christmas.

Friendship restored; reconciliations effected; driving out the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

It is the heart from the heart of Christmas. It is the heart from the heart of Christmas.

As an investigation of sun-spots, Dr Douglas, an astronomer, is "study of old wood commencing 1801." A careful comparison was made between the maximum of the rings on the big *Aspidodora* trees and the maximum of the rings on the living stations and a formula was developed by which the rainfall each year could be reconstructed from the tree growth with a high degree of accuracy. Each ring in a cross-section of a log represents a year's growth. The amount of growth is according to the amount of rainfall. He applied his methods to

The Monthly Weather Review of March, 1951, there is a very interesting article entitled "Notes on La Niña" by Jeano W. Schumann, who summarizes Bruchac's data. In the light of present day records and further research Bruchac regarded as the first La Niña year, 1830, and the years 1838, 1856 and 1880, and possible subsequent years have concluded that the Bruchac cycle is a stochastic due to the planet Pluto.

years, and at the other end it is warm and dry with fewer storm surges than years. These cycles have been found in the growth rings of several other tree species by the use of another scientist by the same group. An exhaustive examination of the records, and an analysis of the thickness of the sequoia tree rings in southern California has established a similar but less regular cycle in the growth of these trees. The results show that these smaller climatic cycles are harmonic with the larger climatic cycle, which has been vigorously debated by different scholars at 202, 312 and 366 years, and it is alleged that a rain peak here has been caused by an influence of the sun's activity about

Royal Bank Annual Meeting

I have witnessed many depressions during the last fifty years, and I see nothing in this one which weakens my faith in this country.—Sir Herbert Holt, President.

While I do not wish to voice any prediction as to the date of business recovery, it will be very disappointing if an improvement does not take place in 1932.—M. W. Wilson, Vice-President and General Manager.

At the annual meeting of The Royal Bank a sound and strongly integrated plan of business held at the New building system, an important investment.

in industrial fields the President, Mr. J. M. Wilson, Vice-President, Mr. W. H. Wilson, and General Manager, Mr. M. H. Wilson, were emphatic in their statements that the company's business in Canada, Mr. Herbert Hunt's mature and world-wide business experience in the electrical field, his personal knowledge of the Canadian market, and his long experience during a career of the last fifty years in the electrical industry in Canada, were the main reasons why Mr. Wilson was looking in this way to the future of the company. The tone of both addresses was one of optimism, exemplified by Mr. Wilson's statement that "it is our aim to make every production unit in the electrical recovery it will be able to do."

He referred to the substantial subscription of the Thomas in Communist countries, and the lack of interest in the United States, a reflection of which our government and the American people may well be proud.

Topic: Liquid Position.

The liquid position of the bank was maintained at substantially the same rate as a year ago, equally realistic and sound, and in full conformity with the policies of the Federal Reserve Bank to the public. In referring to the overall record of the Commercial Bank, the speaker noted the period of world depression.

"Once again the ability of the Com-

Other countries. He expressed his opinion that the relatively satisfactory position of Canada compared with other countries was due to the ability of our banking organization and the way in which industry had been organized. He said that he believed through the adoption of the report Mr. Harbert returned with considerable interest to the directors of the bank, after a lifetime spent in the river of the bank. "In his passing away," he said, "he left a bank that has been a credit to the country, and a loyal friend and an excellent leader has disappeared. It is a great loss to the country."

in agriculture and the potential for restructuring industries, the reformers expressed optimism which was partly for a combination of the primary export companies in Eastern Europe, and expressed the opinion that the development through the accomplishment was a constructive one and highly desirable if Canada could make the maximum use of the economy in which she is enabled by reason of her natural advantages.

Reflections.

The appointment of a railway commission was announced prior to the meeting and the latter expressed that such a

Domestic Psychology
 "As the depression continues the factor of labor shortage is one of constantly increasing importance," Mr. Wilson declared. "Efficient and intelligent labor is the most valuable asset for the enterprises in which overall business has gone. He indicated that in this respect he was particularly fortunate in his report and his confidence in our country and in our ability to solve the problems that present themselves." He pointed out that in his opinion it simply jangled by our past record and future

Public Finance

The success of the National Service Law was referred to as a notable achievement. He stressed the fact that the Government's financial affairs had been reduced by the increase in the activity of trade and that the expenditure by Government was enormous.

Confidence was the main obstacle in the way to world-wide business recovery. Mr. Wilson went on to mention the opinion that confidence could be restored by co-operation between the leaders of politics and finance in the principal countries. He is not lacking that progress may be made along these lines and that confidence will be restored.

I do not wish to venture any prediction as to the date of business recovery. It will be very disappointing if it is not achieved soon and later parts during 1932.

Facts and Fairy Tales

The play, "Facts and Fairy Tales" just on by the A. B. S. Players in the 12th St. hall on Wednesday last, was well attended as everyone could see the play. Mrs. J. H. Smith as "Mrs. Knowle" displayed her irritable nature and self pity, while her daughter "Melanie" showed a contempt for modern love-making, and was ever denouncing of the romantic days "when knighted was in fashion". Her cousin, "Jane" was much the opposite and valiantly tried to make "Bobby" see the futility of her ways. "Bobby" calls on Melanie, his girl friend and in that he is "rightfully commensurate", while Bobby doesn't know what has come over his overcast, "Mr. Mahory" in the costume of a woodcutting fairy dressed for a masquerade dance, has trouble with his car and ca's "Mrs. Knowle" home for help. While there Melanie falls deeply in love with the gurgling dreamer one, believing the romance to be all a dream. She is slightly disappointed when he when her ideal turns out to be just an ordinary man, but he eventually comes back to be a pretty good fellow even if he does wear plus four, and marries him. In the meantime Bobby decides that Jane is the girl for him.

Dies Suddenly

We are sorry to record the death on Friday, April 14, of Mr. Wm. Perry of Big Timber district. The cause of death was given as acute peritonitis.

Mr. Perry had received an injury to his knee which was treated by Dr. Super, December 1st, and at Christmas time was taken to Stetter, where he underwent an operation on the injured knee. His condition grew worse and it was decided to remove him to the University hospital, Edmonton where his leg was amputated at the hip. He appeared to be making a good recovery and on Monday (last week) was taken to Edmonton to have the bandage removed.

Unfortunately, he took some of the return evening, the day of his return from the University hospital was passed away. He was the only son of Mr. Wm. Perry, and we were all very sorry.

The sympathy of the entire community was extended to the bereaved family.

Disarmament Conference

Prerequisites are easy. Four commitments of the 40 nations represented are at hand. One on land forces, one on air forces, one on sea forces, one on political, one on military, one on political, one on military, one on political, one on military.

In summing up the conference has done the New York Times says in part: Four main demands have been laid before the council as essential prerequisites. To its general success of arms reduction. The first is the French proposal for the creation of international police force and the peace at the disposal of the League of Nations of all heavy armaments.

Secondly, the second demand is that there must be equal disarmament. Thirdly, the third demand is that there must be equal disarmament. Fourthly, the fourth demand is that there must be equal disarmament.

**OPTIMISTIC NOTE
IS STRUCK IN
MELLOW SPEECH**

NELSON SPEECH

Lord J. Ranelagh, Home secretary, Andrew W. Mellon, United States ambassador to Great Britain, and the Pilgrims Hotel there was nothing in world conditions as unprecedented as to justify a lack of faith in our capacity to deal with it.

This was the first public address as ambassador of the man who made strides in London and then administered the United States Treasury under two presidents.

He spoke before a distinguished assemblage of 300 or more including the Prime of Wales, Mr. J. A. S. Smith, foreign secretary and Lord Derby who presided.

Following was a message in the Pilgrims at the same time welcoming Mr. Mellon.

The Prince said, while speaking at the end of the banquet, saw proof of the friendship of the United States in sending to him a number "one of the greatest leaders of their country at this time of world wide economic stress." The Prince said he would not be able to visit America this year.

The ambassador reaffirmed his faith in "capitalism or whatever name may be applied to the system which has been evolved in adopting individual initiative to the machine age." In discussing the way out of the present economic difficulties, he declared: "It is, and has been, in our hands."

Mr. Mellon recalled that during his lifetime he had passed through many crises which invariably followed war. Economic depression, he said, "are the price we pay for war and they must be reckoned as a completely unavoidable stage in the sequence of events."

The economic life of nations seems to go in cycles, he said, spurring forward in industrial expansion, then inflation and extravagance "which brings its own retribution."

"I cordially thank the Pilgrims of Great Britain and their guests assembled this evening for the loyal terms of their message, and I am glad to think that my son is with them on this auspicious occasion.

"It is indeed a pleasure to me to have this opportunity of associating myself with the welcome they are giving to Mr Mellon as ambassador from the United States of America."

Reductions in Ocean Travel

Food and Anchor Lines Announce Low Rates To Europe

The Canada and Anchor Lines announce drastic reductions in rates for travel to Europe effective immediately. The reductions will be made in all rates of travel from First Class to Third Class. A reduction of 20 per cent will be made on all First Class rates and 10 per cent on all Third Class rates. The rates which already extremely low have been further reduced by 10 per cent. The reductions will apply to all services of the Canada and Anchor Lines between the United Kingdom, Canada and Europe and to all their ships, including the three European liners, "Strathmore," "Strathcona" and "Strathgordon."

In addition, the usual "Summer Special" increase has been dispensed with, the new low rates applying all the year around. This, in effect, means that you will be paying as much as 40% less than previously in the summer months. Some idea of the size of the price reductions may be obtained from a comparison of the new minimum rates for various climates and seasons. The "Apollonia" and "Macedonia" rates are \$125. First class for the summer season is reduced to \$190. The "Macedonia" rate is merely \$240 as now \$166. Cabin rates for such steamers as the "Prinzess Alice" and "Prinzess Alice II" of England and \$100 in France are \$125 in England and \$120 in France for the "Larissa," "Naxos," "Larissa," the rates are now \$172 to \$180 per day and \$127 for France

Moved by Fisher-Hunter that Secretary be instructed to write the Liberal Club Board stating that resolution must be known on amended values unless same had been altered by the Assessment Committee or an Adjustment Committee set up by the Liberal Board.

Resolution showing total revaluation of Bashaw Bld. Dist. for 1932 would be \$1480 plus Government grant.

Amendment asked for from Lakeside M.D. \$800.00; from Rivergrove M.D. \$700.00.

This resolution was then loudly discussed.

Moved by Fisher-Hunter that secretary write the Lakeside Bld. Board asking for reasons for setting \$800.00 as revaluation from Lakeside and \$700.00 from Rivergrove; also if adjustments had been made in land values by Assessment Com. or Adjustment Committee.

Members reported he had spoken to J. H. Trust re damage done by L. B. Hunter's man to the grain and property owned by Sam Hunter. Mr. Trust had stated that in his opinion damage had been done but not to full extent of claim. He would estimate damage at \$5.00.

Moved by Lee-Anderson that Mr. Hunter be awarded \$5.00 as full settlement of a damage and that other \$5.00 be returned to Sheriff.

Two representatives from the Salvation Army addressed the Council on behalf of the work of the Army.

Mr. J. A. Hale, manager of the Royal Bank discussed the financial situation of the district, which was greatly appreciated by the Council. Discussion lasted until 6:30 p.m. when the meeting adjourned.

SECOND SESSION

The Council met for a further session on Tuesday, April 25th. Resolutions for School District were discussed and following all rules set:

Resolved: 1. Big Timber 10; Bonanza 8; Bonanza Vista 14; Glen Park 11; Haveli Grove 13; Little Rock 10; Lynx 11; Macdonald Bay 11; Skyrin 11; S. Indian Lake 12; Upper-Catch 10; Viny Ridge 15; Whitetown 11; Wild Rose 3; White Rock 11.

W. Purchaser forwarded as yet for \$2.45-12 a cheque for \$18. Moved by Hunter and limited that Com. Lee interview W. Purchaser to finish this year and make arrangements to know loans for current loans.

Letter was read from W. Dave stating he was prepared to give Council security on all his equipment for the advance of \$500 to pay Mrs. Dave's doctor bills.

Moved by Hunter-Lee that security on Mr. Dave's machinery be taken and doctor bill paid as soon as funds permit.

Correspondence was read from Dept. of Mines Affairs re road

grain advances for this year.

Moved by Fisher-Anderson that no advances for seed grain be made this year.

Notice of admission to St. Peter's Hospital of C. F. Hunter, Donalds. Moved by Hunter-Fisher that Secretary write the Board of the Hospital stating that on responsibility would be assumed by the M.D. as to C. F. Hunter could not be looked upon as an indigent.

The Secretary reported having received \$100.00 from J. Smith sent in full for ranch scales to April 1st, 1932. Moved by Hunter-Scott that stock scales be taken for further period of one year to J. Smith, for \$20 sent to be paid as follows \$25 Oct. 1st, 1932; \$25 April 1st, 1933.

Moved by Hunter-Scott that Council issue no proper poison this year.

Moved by Anderson-Scott in view of extra work maintained in the supervision of road work payment of councilors for the year to be set as last year.

Moved by L. B. Fisher that following schedule re wages for road work be not in effect this year: Foreman 4.00 day, single man 3.00 day, man and team 4.50, man and 4 horses 6.00. Drugging 30c mile. Tractor work 14c per horse power. Work lost.

Moved by Scott-Scott that schedule be same as in former years with tractor work reduced to 14c per horsepower. Carr.

Moved by Anderson-Lee that M.D. assign all Municipal and School arrears to Royal Bank as security for outstanding loans and that Moore and Secretary be empowered to sign such assignment papers as are necessary.

Orbits Of The Damned

It seems that the spirit of the age is arguable too. "I wouldn't dream of taking the time and trouble to be as up-to-date as the top tables," says a very modern beauty: "We usually try to bring and a step for the day or a weekend." So we are back again at the days when my Lord Liverpool, too busy with gambling to bother about his country, invented the punch which bears his name.

tires even if they
cost dollars more
than other tires—
BUT THEY DON'T!

We know folks who would gladly pay a premium for Good Year Tires. But they don't have to! Good Year cost no more than any other tire you would put on your car.

The reason quality is Good Year is extra value for your money. Their extra mileage, extra safety, extra traction is a bonus—for which you pay one cent.

One tire means something! (The Good Year!) Let us show you!

Glancing Thru The News

Floods and heavy rains have been reported in Saskatchewan and Al. via during the week end. Prospects in the southern part of the province certainly look more promising.

A disastrous fire swept the town of Hingham, Sunday. Dana Day, grain buyer of Three Hills was found guilty of stealing money from the elevator Co. for whose fire was agent and sentenced to nine months imprisonment last week.

Wm. Rankin was sentenced to 12 months imprisonment on a charge of manslaughter in connection with the slaying of his wife at Fairview, Alta. recently.

John Trueman, operating Mr. O. E. Olson's farm near Bashaw, met with a severe accident Tuesday, 17th. He had gone to work with the tractor early that morning and backing up, stepped down to connect the two machines at which time the clutch slipped into gear and the tractor backed onto him, breaking his left leg and seriously marring the other.

Ratpayers in Favor Improving West Road

A meeting of the ratpayers of the Village of Bashaw was held in the Elks' hall on day 14 at 8:30 p.m. The agenda was to discuss the improvement of the road west of the road north of the village.

The Chairman, Mr. Robb, outlined the position of the Council and what was done at the previous meeting.

Mr. Robb then had explained the road gave an estimate as to the cost of this road to good shape. He estimated that there would be a cost of \$10,000.

He then asked the ratpayers if they did not think that it is necessary to grade the road but that a certain amount of ditching should be done.

After five minutes of discussion, it was decided that the road should be graded and the ditching should be done.

**EMPIRE GUESTS
WELCOMED AT
OTTAWA DINNER**

COLUMBIA, Ont.—While inundated

clothes, Rt. Hon. E. E. Bennett, E.
Minister of Canada, welcomed
again the delegates to the Imp.
Economic Conference. In a settl
rare beauty, nearly 700 disting
guests from all parts of the E
Empire joined in good fellowsh
was the first government dinner

The scene was one which longed itself upon the memory. Green was the prevailing color. Along the walls of the great dining room the head-table, covered with its green damask and ornamented with a rich display of silver and flowers, beckoned attention. Off from it were other shorter tables, each covered with the same green crepe. Around the great room, in the light of the hundreds of twinkling chandeliers, flitted scores of white-

At the tables sat men famous in the history of the British empire, the centre figure at the head table, Lord Grey, Minister Bennett, sat under a flag of flags, the flag of all the states of nations in the British Commonwealth represented at the conference. The long table were the heads of delegations—Great Britain, Australia, New Zealand, South Africa, the Irish Free State, Newfound-

and southern Rhineland. Interspersion with these leaders were their wives and also members of the Democratic government.

Beautiful dresses shimmering all the colors of the rainbow, out against the background of vertical black and white worn the men. No uniforms were to be seen; the distinguished gents wore their orders and decorations. Speeches, which did not start after 10 o'clock, were brief.

A PRIME MINISTER suggested the gathering arose with him. After cheer greeted him, and his nephew waved like leaves around room.

"This is a family gathering," Mr. Bennett is happy mood. He turned to the fact that "men of distinction in their own country were there. Canada numbered as her guests three former prime ministers, a former lord chancellor of Great Britain, a present chancellor of the exchequer. The premier of St.

APPOINTED ACTING PRESIDENT FOR C.N.R.

E. J. Humphreys

With the resignation of Sir Hector Stewart as Chairman and President of the Canadian National Railway, Secretary August Mr. E. J. Humphreys, acting vice-president has been appointed by the Board of Directors as Acting President of the Company.

Samuel J. Humphreys is one of Canada's best known railroad operating officers. His experience has ranged, so more than 45 years, from the humble position of machinist's apprentice, where he commenced in 1888, to that of Vice-President in charge of operations, maintenance and construction of Canada's largest railroad system, the Canadian National Railway. Born in Ireland, Que., sixty years ago, Mr. Humphreys entered rail roading as an apprentice with the Southern Railway, later part of the C.P.R. at Farmington, Que. Completing his apprenticeship he worked as machinist at many points in Quebec, Vermont, and in 1904 was appointed Chiefman at Windsor Street Station, Montreal. From 1907 Mr. Humphreys worked as assistant foreman, locomotive foreman and general foreman at Farmington, Quebec and Melville Junction, and in 1901 was transferred to Cranbrook, B.C. as locomotive foreman with the Canadian Pacific.

From Cranbrook he moved to Calgary in 1913 as master mechanic of the Canadian Pacific's western division and in the following year was made superintendent of the locomotive shops at Winnipeg becoming in 1923 superintendent of shops.
